# Bondurant

# Mission, Vision, Values, & Goals

## **Vision Statement**

The City of Bondurant shall be a model of excellence, a safe, well-planned community with equal opportunity for all. Bondurant will continue its legacy as a friendly community embracing its natural beauty while providing a safe, peaceful, and progressive environment to live, work, and play, and where businesses thrive. A vibrant, strong, and active multi-generational population will enjoy its spirit of community, connection, and charm.

## **Mission Statement**

In partnership with our community, the mission of the City of Bondurant is to protect and enhance the quality of life by providing a high level of dependable service with honesty and integrity in an efficient and responsive manner for all the citizens. The City will continue to address changing citizen and community needs with fiscally responsible and professional behaviors and maintain a safe, livable environment through teamwork, innovation, and regional collaboration.

## **Values**

- We believe in honest, open, democratic government. We are dedicated to the highest ideals of honor and integrity in order to merit the respect, trust and confidence of the citizens of Bondurant.
- We believe our primary responsibility is to those who live, work, visit or otherwise come in contact with our City. We are committed to enhancing the quality of life by providing exemplary services.
- We believe that service to the public is our reason for being and strive to deliver quality services in a highly professional and cost effective manner and that prudent stewardship of public funds is essential for citizen confidence in government.
- We believe that continuous improvement is the mark of professionalism and are committed to applying this principle to the services we offer and the development of our employees.
- We believe that the employees of the City are its most important resource, and through them our mission and vision will be accomplished. We will support them with dignity, respect and fairness.
- We believe that planning, training, and teamwork will fulfill our mission and vision for the future of the City of Bondurant.
- We believe that the public is best served when departments and employees work cooperatively as a team in a positive working environment.
- We believe that the City is most effective when elected officials, volunteers, and employees are creative and innovative and embrace technological advances to enhance efficiency and decrease costs.
- We believe in honoring diversity and protecting individual rights. Open communication, respect for others, compassion, and a sense of humor are essential tools in our organization. We value the cultural and social diversity that is reflected in our community, and we welcome the changes and new perspectives that this diversity brings to us.

## **Goals**

- Provide expedient, courteous service to new and prospective residents and businesses
- Establish cost effective administration practices
- Implement policies and projects which improve the City's image

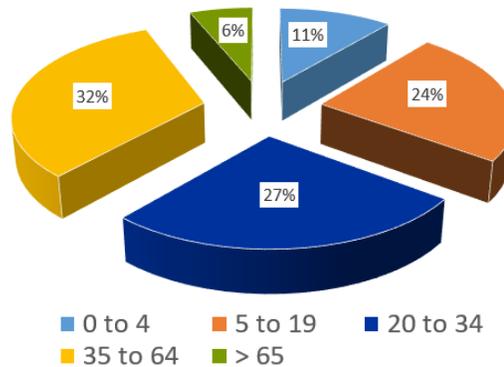

- Expand public safety services
- Continually upgrade the City's infrastructure
- Reduce the City tax rate
- Improve recreation facilities & activities
- Support planned, organized growth
- Promote economically feasible commercial development

# Description of the Community

The City of Bondurant was founded in 1884. In 1892, the [Chicago Great Western Railway](#) built the Bondurant railway station. Bondurant incorporated as a city on December 23, 1897. Alexander C. Bondurant, who was the area's first settler in 1857, is also the namesake of the City.

Bondurant is a part of the capital city's metropolitan area, centrally located in Iowa just northeast of Des Moines along the interstate 80 and U.S. Highway 65 corridors. The incorporated city limit spans 8.4 square miles of Polk County. The population was 5,493 in the special 2015 special census, an increase of 195.959% from the 1,846 population in 2000. The 2019 population estimates are 6,958, approximating a four-year increase of 26.67%.

**Bondurant Demographics**

Nearly a quarter of the population is school age, with more in pre-school. 58.7%

A governing council has legislative and policy-making authority for the City. That body consists of a mayor and five council members; all elected at large and non-partisan. Council terms are staggered, with some council members and the mayor elected to four-year terms in one year and other council members elected to their four-year terms, two years later. All regular Mayor/Council elections are held in off years, alternating the national election cycle. The Council makes policy decisions for the City through adopting operating and capital budgets, appointing boards and committees, and hiring a city manager and management staff consisting of city clerk, finance director, fire chief, planning and community development director, and public works director. The City Council also appoints the community's Library Board of Trustees, and they hire the library director to oversee management. The library and its staff are considered a city department for the purposes of budgeting.

Public elementary and secondary education is provided by the Bondurant-Farrar Community School District. The school district currently has two elementary building, middle school, and high school, with the building of a junior high underway. The Bondurant-Farrar Community School District is one of the top rated 2-A districts in the State of Iowa. Public water serves are provided by the municipal utility, within the public works department of the City and is supplied by the Des Moines Water Works. Only the school district has the ability to issue separate debt, which is not an obligation of the City; therefore, the financial statement of that entity is not a part of this report.

- Downtown/Downtown Parking
- Bondurant Business Park
- Generation Daycare
- Bondurant Industrial Park
- RMS (Road Machinery Supply)
- Kum & Go
- Little House on Main
- Sweet Swirls
- Boxcar BBQ
- Somewhere in the Middle
- Signature Development
- Downtown Plan
- Kaleidohope
- Iowa Floor Covering expansion
- Lewis Development Agreement

# Budget Cycle

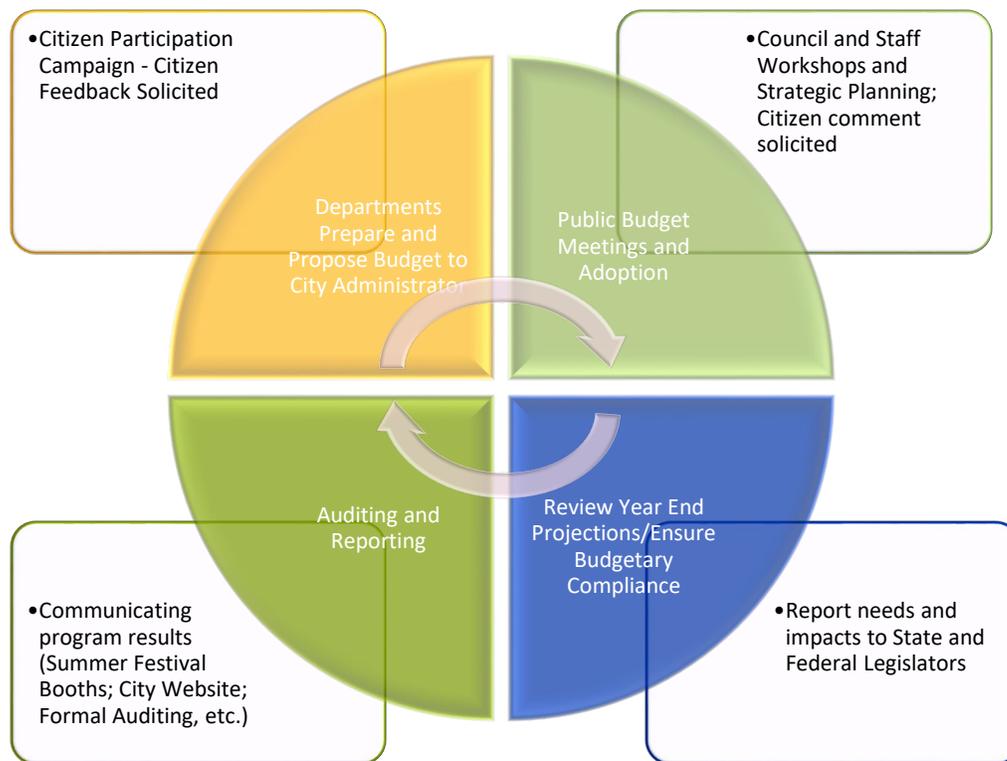

The Budget is the financial foundation for a thriving community. The City of Bondurant follows an annual budget cycle that is driven by legal requirements and deadlines set by the state of Iowa <https://www.legis.iowa.gov/docs/code/384.16.pdf> and key internal principals and processes aimed to meet the vision (<https://www.cityofbondurant.com/planning-and-development/pages/comprehensive-visioning-plans>) of the community. The City management staff have established a budget cycle that focuses on achieving, incrementally and strategically, the established long-term vision through collective decision-making, made possible by valid and reliable communication and civic participation.

# Executive Summary

April 28, 2021

Honorable Mayor, Members of the City Council,  
and the Citizens of the City of Bondurant, Iowa:

Submitted for your review and consideration is the 2021-2022 Proposed Budget for the City of Bondurant. The budget provides the financial plan for all City funds and activities for the fiscal year beginning July 1, 2021 and ending June 30, 2022. The tax levy rate adopted is \$11.62415, a \$0.16134 decrease from FY21 rate of \$11.78549 per thousand dollars of *taxable* valuation. The continued decrease is possible through the voter-approved, Local Option Sales and Services Tax (LOSST) that overwhelmingly passed in August 2019 and management's execution of the financial and economic development policies adopted by the City Council.

Below is a chart highlighting the tax asking between FY21 and FY22 and illustrating how the City is employing LOSST dollars to abate the City levy rate, while still meeting the needs of a growing community.

	FY21	FY22 Proposed	FY22 Adopted
Total Tax Dollars Required	\$3,907,224	\$4,386,165	\$4,363,009
Commercial & Industrial Replacement	(\$42,501)	(\$85,497)	(\$84,706)
60% of Projected Local Option Sales			
Tax Revenue	(\$587,000)	(\$453,840)	(\$537,633)
Debt Service for Library Expansion			
(abated by Local Option Sales Tax)	(\$238,719)	(\$243,475)	(\$159,682)
Net Tax Levy	\$3,039,004	\$3,603,353	\$3,580,988
(Levy per \$1,000/taxable valuation)	\$11.78546	\$11.73282	\$11.62415

## Revenues and Expenditures

The City's overall proposed expenditures for FY22 are \$24,518,364 and the re-estimated expenses for FY21 are \$34,404,369. The funding for capital projects continues to be a significant driver of the city's budget. Capital Projects were 47.22% of the City's proposed FY21 budget and are 53.16% of the re-estimated year-end expenses. Capital projects, discussed in detail further in this narrative, represent a major portion of the FY22 budget as well.

The FY22 budget reflects the City's priorities of enhancing, strong core services of public safety and public works. The budget includes operational funding to enhance current staffing levels, which is consistent with the City's Mission. The proposed budget adds an Operations Specialist in the Public Works Department to meet the demand for services and maintenance due to the expansion of the City's utilities, roads, and trails. There is also funding for the Library to extend its operating hours to include Sundays with an additional part time staff member. Additionally,

Mayor: Curt Sullivan

### Council Members:

Tara Cox  
Doug Elrod  
Wes Enos  
Angela McKenzie  
Bob Peffer

City Administrator:  
Marketa Oliver

City Clerk: Shelby Hagan

Public Works Director: John  
Horton

Finance Director: Jené Jess

Fire Chief: Aaron Kreuder

Planning Director: Maggie  
McMurray

Library Director: Jill Sanders

City Attorney: David Brick

City Engineer: Bob Veenstra,  
Jr.

the budget includes funding to conduct or conclude various planning efforts in the upcoming year, including a water system study, City Park planning, and the community-wide comprehensive plan.

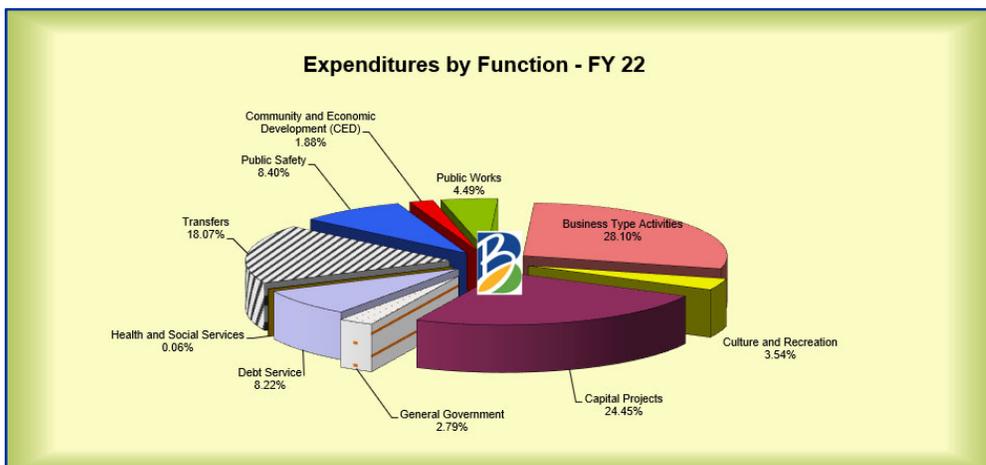

The budget includes an increase in the city’s portion of firefighter salaries, as well as the proposed addition of an Operations Specialist in Public Works and increased part-time employee hours in the Library. The City is taking on more of the salary and benefits from the firefighters hired under the SAFER grant approved by the City Council in 2018. The way the SAFER grant functions, is that the amount paid for salary and benefits by the grant consistently decreases and ends nine months into FY22. Beginning in FY23, the City bears the full investment of the public safety personnel.

City staff is continually vigilant in the search for outside funding to contribute to the funding of the city’s needs and priorities. While seeking outside funding is helpful, it is also critical for staff to identify and implement cost containment and/or reduction measures. To date in FY21, the City of Bondurant has been successful in securing \$1,379,873 in outside funding, which represents \$251.21 per capita. Staff has also identified \$395,572 in savings, the bulk of which were on capital projects, but some of which are on-going cost containment/reduction measures. One large savings important to highlight is the reduction in the anticipated workers compensation premium. Administrative leadership has been working to lower the city’s ‘mod factor’ and reduce the number of injuries/accidents. The mod factor is based on a rolling average so it takes a lengthy period of time to begin to reap the rewards of the focus on safety and that time is here. The difference in the city’s anticipated workers compensation premium between FY21 and FY22 is a reduction of \$62,014.

The following graph details the expenditure proposal for FY22.

**Expenditures - FY 2022**

		FY 2022	Re-estimated 2021		FY2021 Budget
Public Safety	8.40%	\$2,059,755	\$2,350,781	6.50%	\$1,898,007
Community and Economic Development (CED)	1.88%	\$460,861	\$408,104	1.13%	\$470,911
Public Works	4.49%	\$1,100,595	\$1,734,017	4.80%	\$1,825,951
Business Type Activities	28.10%	\$6,889,788	\$6,417,959	17.75%	\$5,894,780
Culture and Recreation	3.54%	\$868,156	\$771,599	2.13%	\$762,488
Capital Projects	24.45%	\$5,994,302	\$19,216,438	53.16%	\$12,939,920
General Government	2.79%	\$682,972	\$712,059	1.97%	\$593,095
Debt Service	8.22%	\$2,015,971	\$1,798,818	4.98%	\$1,501,611
Health and Social Services	0.06%	\$14,850	\$14,750	0.04%	\$15,250
Transfers	18.07%	\$4,431,114	\$2,722,873	7.53%	\$1,504,035
<b>Total</b>	<b>100.00%</b>	<b>\$24,518,364</b>	<b>\$36,147,398</b>	<b>100.00%</b>	<b>\$27,406,048</b>

In order to pay for the services that the city provides and the capital improvement projects, the City collects property taxes, charges fees for service, applies for and is fortunate quite often to receive grants and donations, receives reimbursements, and issues debt. Following is a graph showing the sources of the city's revenues.

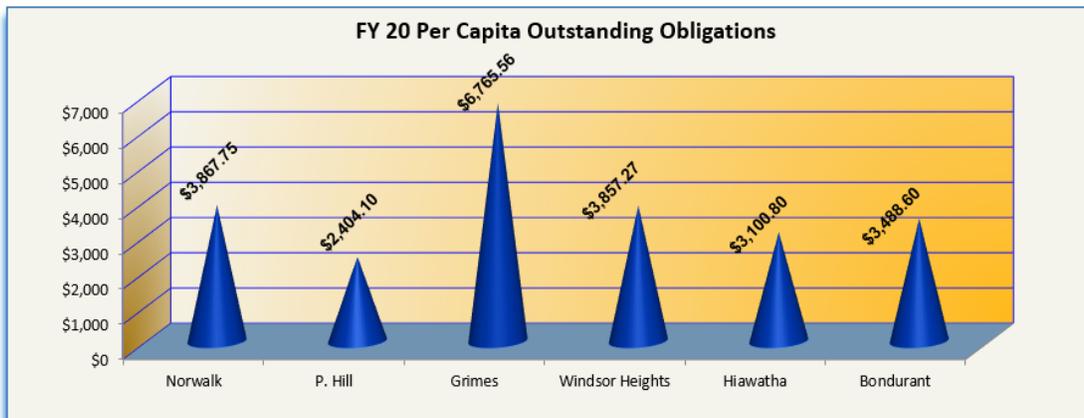

**Revenues - FY 2022**

		FY 2022	Re-estimated 2021		FY2021 Budget
Property Taxes	16.08%	\$3,549,092	\$3,019,349	8.78%	\$3,019,349
Use of Money and Property	0.01%	\$1,335	\$16,024	0.05%	\$25,477
TIF Revenues	6.23%	\$1,374,946	\$514,762	1.50%	\$514,762
Other City Taxes	3.46%	\$763,866	\$753,399	2.19%	\$936,655
Licenses & Permits	1.61%	\$355,814	\$402,082	1.17%	\$280,250
Intergovernmental (IGR)	17.47%	\$3,854,822	\$10,395,564	30.22%	\$8,464,979
Other Financing Sources	13.75%	\$3,034,600	\$12,452,662	36.20%	\$7,200,000
Charges for Fees & Service	19.78%	\$4,364,620	\$3,828,178	11.13%	\$3,526,210
Miscellaneous	1.54%	\$340,799	\$299,476	0.87%	\$284,476
Transfers	20.08%	\$4,431,114	\$2,722,873	7.91%	\$1,504,035
<b>Total</b>	<b>100.00%</b>	<b>\$22,071,008</b>	<b>\$34,404,369</b>	<b>100.00%</b>	<b>\$25,756,193</b>

**Capital Investment**

A significant portion of the FY22 budget remains capital investment. The City of Bondurant issued several bonds during calendar year 2020 to undertake capital projects. Below is a graph that shows how Bondurant benchmarks with similarly-situated communities in per capita outstanding obligations. The average per capita outstanding obligations at FY20 year-end was \$3,914, slightly higher than Bondurant. It should be noted, however, that the comparison next year will look different because of the major projects in progress.

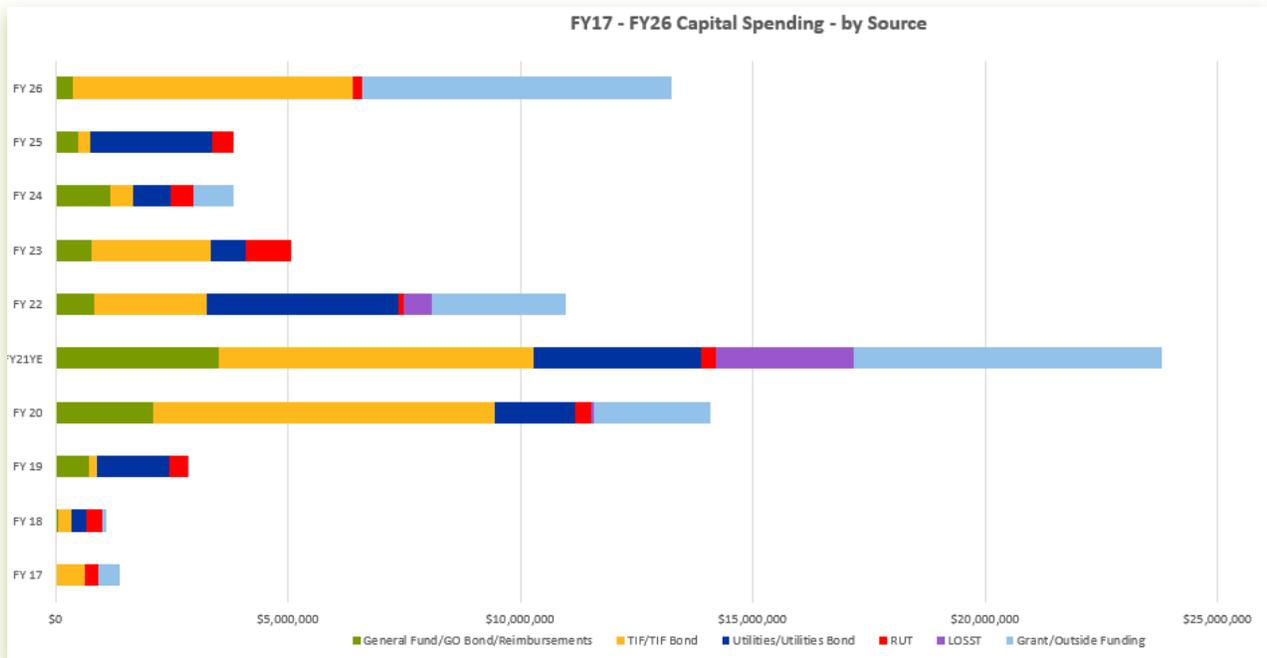

The budget provides necessary funding to begin, continue or complete a number of capital projects, detailed later in this narrative. The budget reflects discussion and direction given by Council at various meeting and planning sessions throughout the year and citizen input by way of submitting priorities through the web portal. It also reflects the Council's decisions to take advantage of strategic opportunities throughout the year, such as the opportunity presented by Project Omega, a large economic development project the City has been working on since fall, 2020 and another large project close to Interstate 80.

Larger capital equipment purchases in the budget include replacement of one-ton pickup truck with snow plow, zero turn mower, electronic message board, multi-family water meters, patch box, and a hydraulic valve turning machine for Public Works, turnout gear and planned vehicle maintenance for Emergency Services, parking lot lights for the downtown parking lot, and holiday light maintenance for Parks.

The capital spending plan reflects council priorities as discussed throughout the year. There have been major changes from what was originally included in the FY21 budget related to the City's ability to undertake capital projects that had been included in the council's capital vision created throughout the summer of 2020. The Southwest District Improvement Project combines the widening and enhancement of 32<sup>nd</sup> Street SW and the widening of Grant Street for the first 1,000 feet (approximately) north of 32<sup>nd</sup> Street SW and the addition of a stop light on HWY 65 at a new intersection in the 2200 block of Hubbell Avenue. The SW District Infrastructure project is now nearing completion. The additional large project extends the new street created by the SW District project (Shiloh Rose Parkway - continuing the naming convention from the existing street on the north side of Bondurant). This is a large infrastructure project, totaling approximately \$6 million that is related to a large economic development project (Project Omega). Shiloh Rose Parkway will be extended to the north property line and 23<sup>rd</sup> Street SW will be extended to 64<sup>th</sup> Street as part of this project. The City received a \$1,065,032 RISE grant to help offset the construction costs. (The costs of the SW District Infrastructure project were also abated by an \$8,565,283 RISE grant.) A TIF bond that issued earlier this year will pay for the remainder of the costs. The TIF bond will be repaid with a portion of the tax increment generated by the valuation from the development of the large warehouse on this site.

There are other large capital projects in this budget, including the extension of 10<sup>th</sup> Street (including replacement of the bridge), the Northwest Sewer Extension project (which is nearing completion), the Downstream Stormwater Capacity project (contracted and underway), the Underpass Project (in design), Washington Street Deceleration lane/water main extension (underway), and the Library Expansion project (underway). Other capital projects include the Ditch 2 Streambank stabilization project and street and utility construction near I-80 for the Commerce Crossing project.

A full list of ongoing and future capital projects is included with your budget document. The City has been successful and strategic in leveraging grants, developer reimbursements, and other outside funding in undertaking large capital investments. In total, the FY21 year-end capital expenditure projection is \$23,809,602 and the FY22 proposed expenditures for capital needs total \$10,975,050, including Business Type Activities' capital projects and capital equipment from all funds. Following is a graph showing the City's past, current, and planned capital investments, FY17 – FY26.

## Personnel

The bulk of the City’s budget is driven by capital projects and personnel costs. The City currently has 23 regular, full-time and 14 part-time regular authorized positions, as well as one crossing guard.

Of the current full-time employees: 7 are in Public Works; 5 in Fire, 3 in Library; 2 in Administration; 2 in an administrative support roles; 1 in customer service/utility billing; 1 in city records; and 1 in Parks and Recreation. Of the permanent part-time employees, 2 are in Library, 11 are in Fire, and 1 is a crossing guards. Approximately 18 *paid on call* employees comprise the rest of the employees in the Fire Department. The budget includes an additional Public Works position. An updated organizational chart is included in your packet.

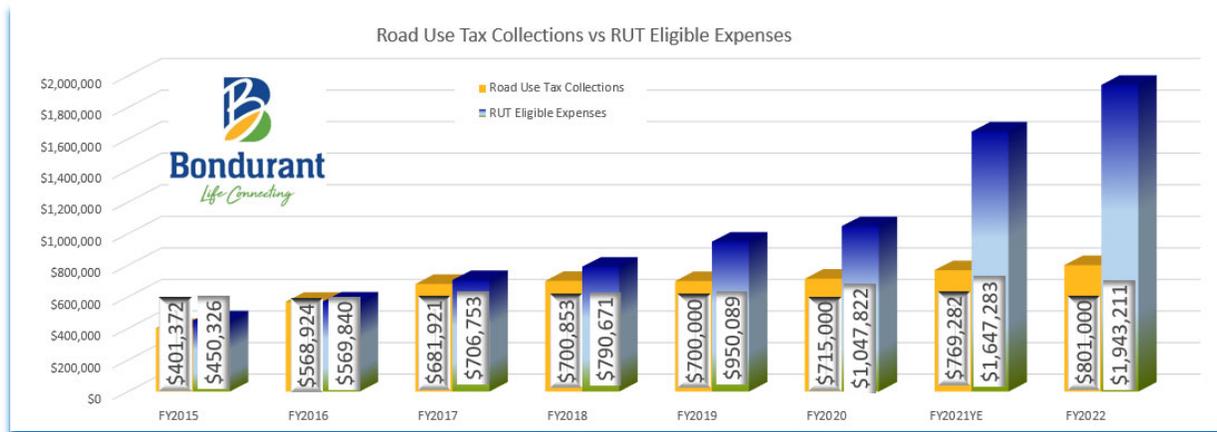

## Future Issues

The State Legislature adopted measures in 2013, which devalued the commercial property in the State of Iowa by 10%. The legislation also reduced over a period of time, the valuation of apartment buildings from commercial to residential, meaning they will eventually be subject to the residential rollback. In FY23, multi-family residential begins to have taxable valuated calculated by using residential property rollback levels. As part of that legislation, the State made the commitment to cities to reimburse or backfill revenues losses related to commercial property devaluation. Bondurant anticipates receiving \$60,768 in the General Fund, \$7,535 in the Special Revenue fund, and \$16,403 in the debt service fund in backfill funding, totaling \$84,706. The City understands that there is always potential loss of this funding. Loss of this funding is equivalent to \$0.28307 of the City’s FY22 property tax levy rate.

There are other factors impacting the city’s current and future revenue streams. First, the effects of the global health pandemic are felt throughout the city’s funds. Both Local Options Sales and Services Tax and Road Use Tax revenues are down. City staff has worked to mitigate the impacts of COVID by actively capturing any state or federal assistance available to offset revenue losses. Staff secured \$163,368 in funding available through the State of Iowa Homeland Security and submitted \$191,646 to date to FEMA in COVID-related costs for

potential reimbursement. The City Council responded quickly to the pandemic to suspend late fees for residents and staff reach out to utility billing customers during COVID-19 to work with customers to pay their bills. While cutoffs were suspended, the customer support helped reduce overdue balances. It took a great deal of time and effort, but the goal of ensuring that residents were not 'in over their heads' at the end of the shut-off suspension was accomplished. The goal of enhancing E-government that the city has been pursuing since FY19 has been enormously beneficial during the pandemic. Since FY19, the city significantly expanded the business that can be conducted online. This was made possible by the Council's action to invest in updated software and website. Combining the new software system with the new website, it became possible for people to sign up for and check utility bills online. It made it easier to pay electronically for a variety of city services such as utility bills, permits, shelter reservations, etc. While staff was already promoting online transactions as a convenience to Bondurant residents, businesses, and builders, this ability became essential when COVID-19 hit and City Hall closed to the public.

Road Use Taxes are further impacted by the delay in the census figures, as Road Use is a per capita distribution. Staff has been conservative in the projects planned that would use Road Use as a funding source in both the year-end estimate and the FY22 budget. (While an Operations Specialist is proposed in Public Works, it is important to note that only a small percentage of the position's salary is paid from Road Use.) The following graph shows an eight-year snapshot of Road Use Tax Collections versus Road Use Tax eligible expenses.

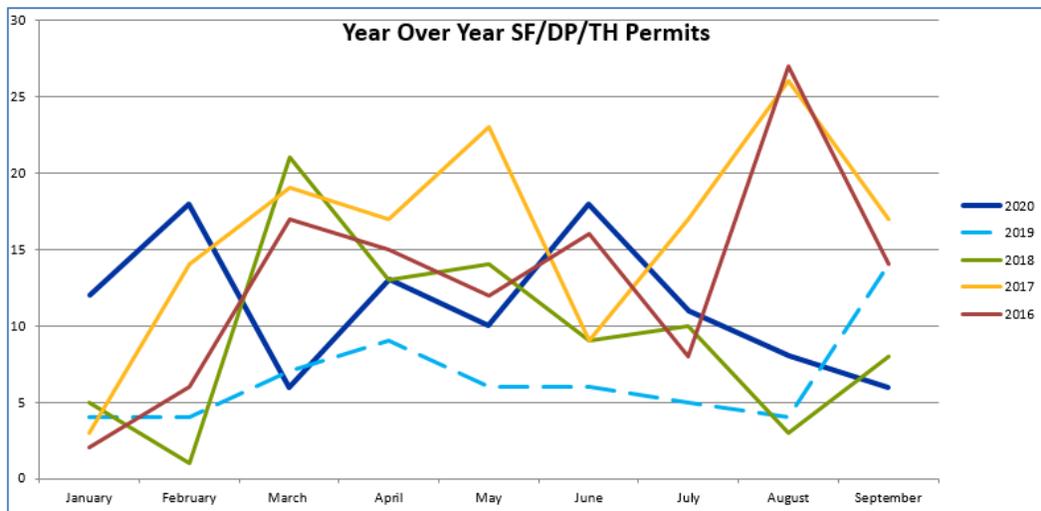

Additionally, the host fee the city collects through a PILOT (Payment in Lieu of Taxes) payment dwindles each year as it is based on the property tax levy and as it decreased, the host fee also decreases, falling from \$23,077 in FY20, to \$19,730 in FY21, and to \$18,500 in FY22. Other state legislative action took 10% of the city's fines revenue to retain for State use this past year. Bondurant will no longer have rental income from the buildings that were formerly located on the City Hall-Library campus, a revenue that peaked at \$19,234. As streaming services become more popular, fewer people purchase cable services, meaning the cable franchise fee is also diminishing. Another factor staff is preparing for is the anticipated increase in the minimum wage, which will affect most of our permanent and seasonal part-time employees. Finally, in FY24, the city has plans to expand law enforcement coverage again, boosting costs by approximately \$217,000 in that year.

Another factor that staff watches carefully is the impact of the residential rollback. The residential rollback is linked with agricultural values. The last four years, Ag market valuation have gone down, which means that the rollback (of taxable valuation) on Ag property has been increasing steadily since 2015 and is currently at 84.0305%. As this grows higher, the residential rollback sinks lower. The Ag rollback has gone from 47 to 84% in four years and could easily reach 100% by the January 1, 2023 valuation. When the Ag rollback reaches

100%, the Residential rollback decreases by more than 3% each year. (The Residential Rollback hit a low point of 44.0803% in 2007.) This compounds the devaluation of multiple family properties. While Bondurant has made great strides improving the balance between residential and commercial valuation, the city's valuation remains predominantly residential, with residential value representing 81.2% of the city's tax base.

Fortunately, the City of Bondurant continues to experience robust valuation growth, which could help counteract the impacts of future rollback devaluation. In the residential area, the city issues 142 permits for single family/duplex/ townhome housing in the 2020 calendar year. Below is a detailed table showing the history of SF/DP/TH residential since 2016. Residential growth, including multi-family residential, is expected to continue as it is estimated that Bondurant has added approximately 1,200 jobs in the past three years with another 400+ anticipated in the calendar year 2021.

SF/DP/TH	January	February	March	April	May	June	July	August	September	October	November	December	Total
2020	12	18	6	13	10	18	11	8	6	19	8	13	142
2019	4	4	7	9	6	6	5	4	14	13	4	7	83
2018	5	1	21	13	14	9	10	3	8	6	14	7	111
2017	3	14	19	17	23	9	17	26	17	4	12	3	164
2016	2	6	17	15	12	16	8	27	14	5	4	8	134

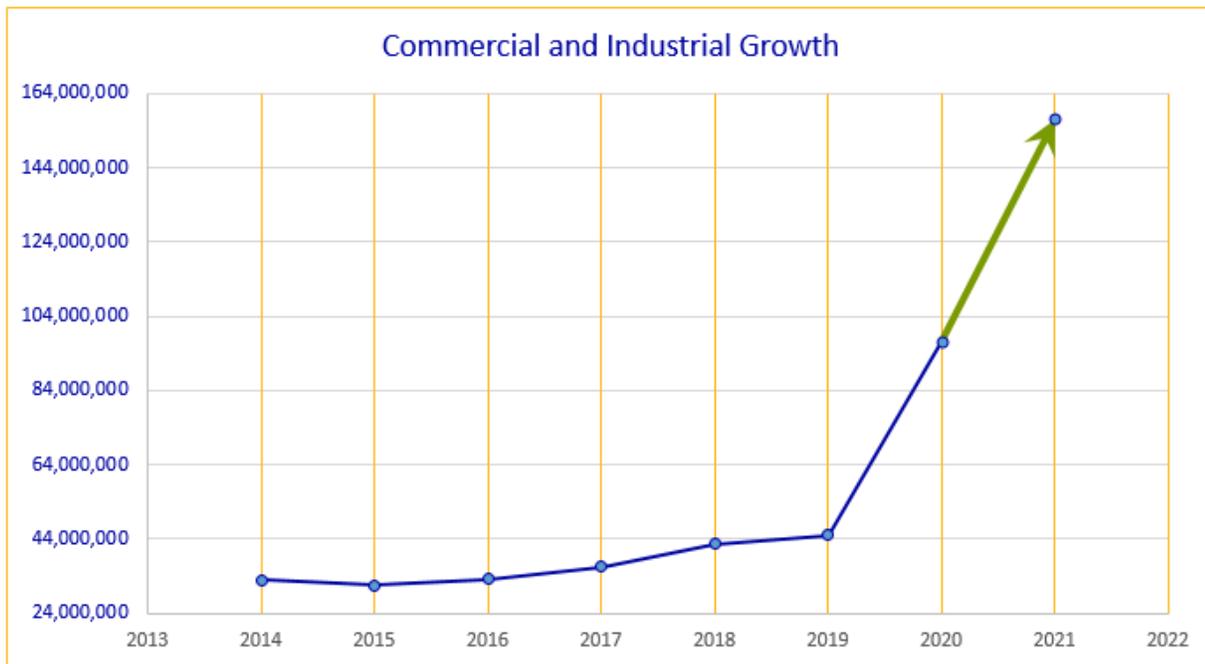

The city has been working to facilitate commercial and industrial growth, to create a better mix of valuation. Between January 1, 2019 and January 1, 2020, Bondurant 115.54% growth in commercial and industrial valuation. The City's largest economic development project (Project Bluejay) includes a \$75,000,000 minimum assessment that began January 1, 2021 and Project Omega includes a \$20,000,000 minimum assessment that also began January 1, 2021. The City has many other excellent projects that have been/are being constructed, such as MidStates Precast, RMS, Mid Country Machinery, Next Generation Daycare, Bondurant Business Park, Bondurant Industrial Park, business centers along highway 65, and other, commercial buildings along Highway 65. Additionally, the City is fortunate to have many, locally-owned businesses who continue to invest and renovate buildings. Recently finished or recently-approved projects include the Somewhere in the Middle/Sweet Swirls project, ReMax renovation, Little House on Main, the dentist construction/expansion, and the floor covering business downtown. The site plan for the economic development project on the soon-to-be former city property downtown is scheduled for Planning and Zoning consideration in March and will be another welcome addition to downtown Bondurant.

Following is information on Commercial building permits in the region.

City	Commercial Permits			
	2020	Value	2019	Value
Altoona	99	\$19,707,242	84	\$219,561,749
Ankeny	124	\$116,557,691	134	\$152,428,309

West Des Moines	171	\$506,801,708	208	\$329,587,063

Source: The Business Record

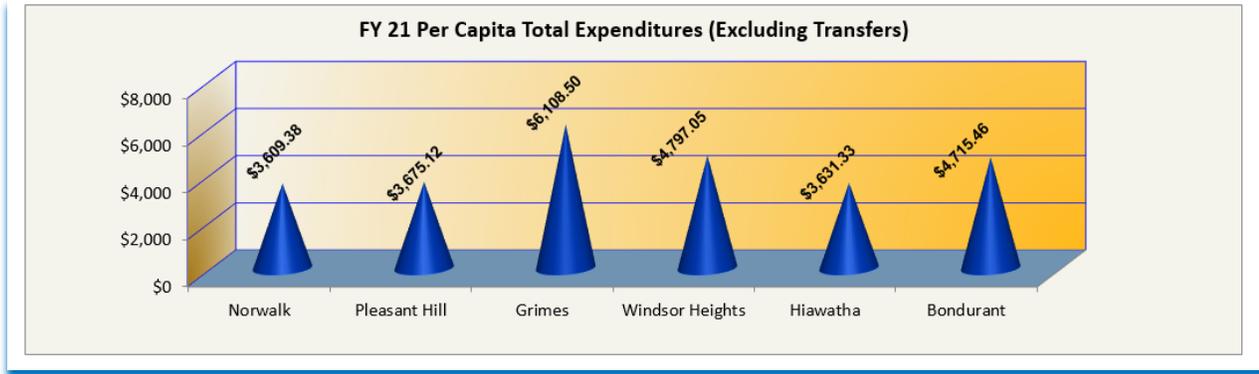

All of these projects contribute to the commercial and industrial growth in the community. Following is a chart showing Bondurant’s recent and projected valuation growth.

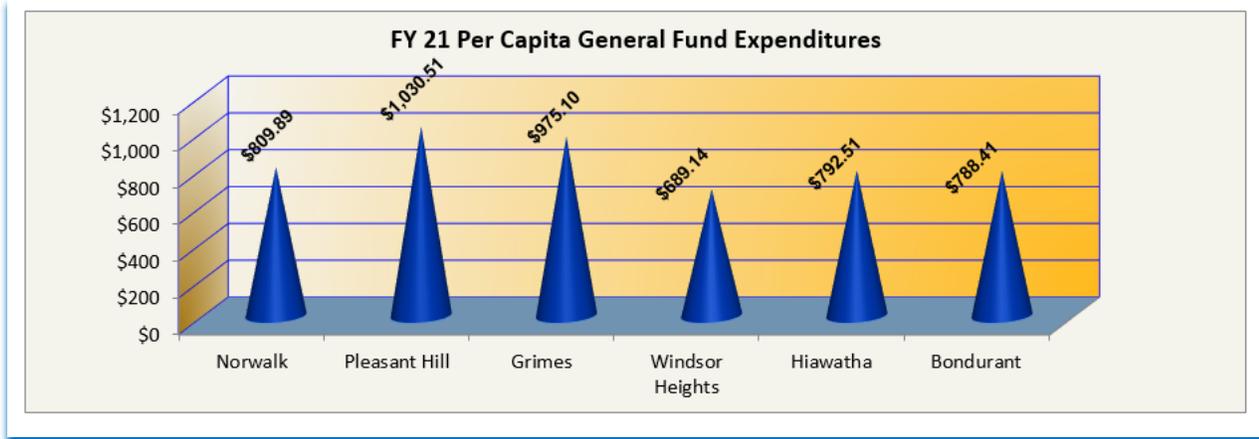

City staff is constantly looking for ways in which we can reduce expenditures, increase efficiencies or secure outside funding to help accomplish the City’s goals. To that end, in FY20, staff facilitated changes to some contracts, identified potential cost savings, and reduced the cost of a large Fire apparatus by locating and an alternate source, saving a total of \$461,690. To date in FY21, staff coordinated with contractors on some larger change orders and worked with a property owner to secure property donation for a large development project, and took other actions to save \$395,572. The City also secured grant funding of \$9,855,672 in FY20 and \$1,379,873 to date in FY21. Staff will continue to seek opportunities to

assist with the community's needs.

Following is a graph that compares Bondurant's per capita expenditures with similarly situated communities. The average budgeted per capita FY21 expenditure (excluding internal transfers) for these communities is \$4,422.80. In FY20, Bondurant was significantly lower than the other communities, and the major infrastructure investment is now evident in the overall expenditures.

While total expenditures represent the investment the city has made in major infrastructure improvements, the per capita General Fund expenditures represent the conservative use of resources supported by property tax dollars. The average per capita expenditure for the comparable communities is \$847.59, \$59.18 more than the City of Bondurant.

### Reserve Levels

The City's General Fund reserve levels in FY20 were 30.42%, increased from the prior year's reserve of slightly over 20%. The FY21 budget was originally estimated to leave the reserves at 29.3%, however the year-end estimate has that at 50.13% which is higher than staff would normally recommend, however, larger reserves are necessary to cashflow some of the capital projects. The city's adopted minimum reserve level for the General Fund is 25%, however bond rating agencies prefer to see a level in excess of 30%. Staff has the strategic goal of taking action that improves the city's bond rating matrix to achieve a better interest rate. The City's General Fund reserve is critical because it is the City's only unrestricted reserve. Utility reserve balances are adequate. Following is a graph tracking fund balances for major

categories. (Please note some of the balances are a bit of an anomaly because it includes restricted funds from bond proceeds that were received in one fiscal year and will be spent over the course of multiple fiscal years.)

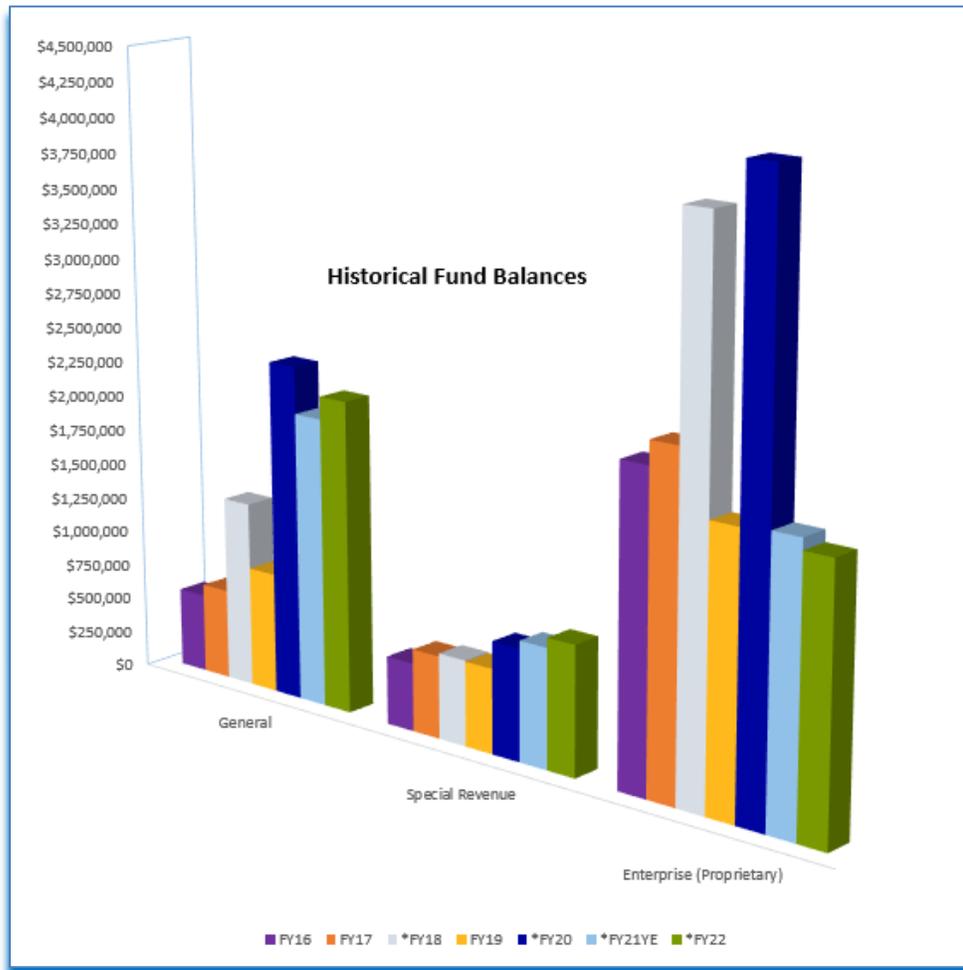

Additionally, please note that beginning with FY20YE, the Special Revenue reserve includes Local Option Sales and Services Tax funds, which is why there is a larger year-end balance that was historically the case.

**City of Bondurant  
Historical Fund Balances**

	FY16	FY17	*FY18	FY19	*FY20	*FY21YE	*FY22
<b>General</b>	\$562,944	\$644,547	\$1,327,855	\$859,638	\$2,394,688	\$2,063,354	\$2,224,749
<b>Special Revenue</b>	\$487,304	\$588,746	\$610,876	\$604,049	\$798,666	\$853,609	\$924,377
<b>Enterprise (Proprietary)</b>	\$2,238,271	\$2,406,318	\$3,930,743	\$1,968,776	\$4,269,102	\$1,990,974	\$1,908,520

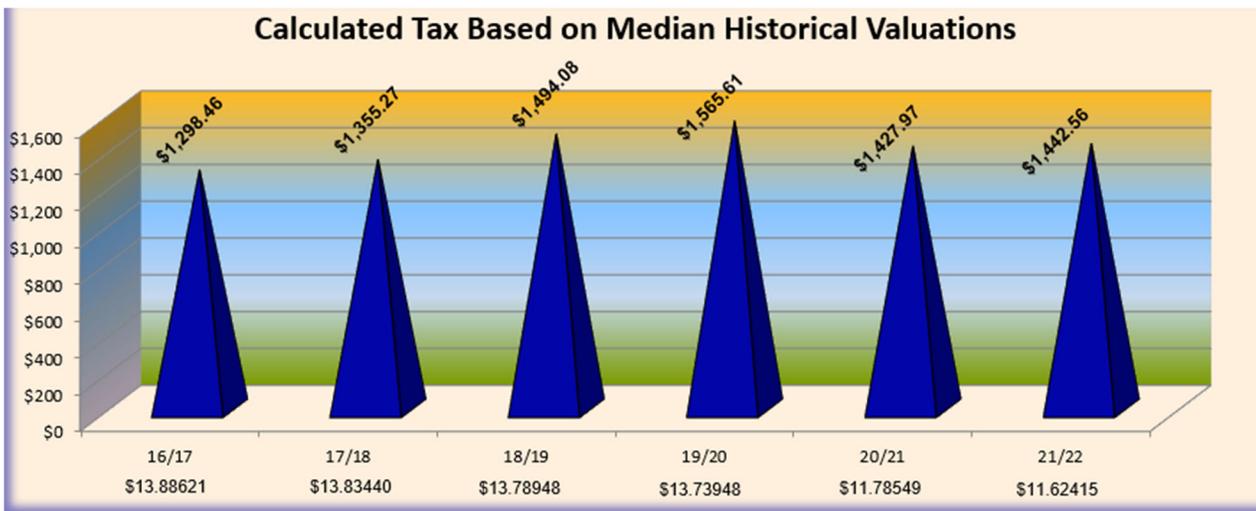

\*include bond proceeds restricted for specific uses

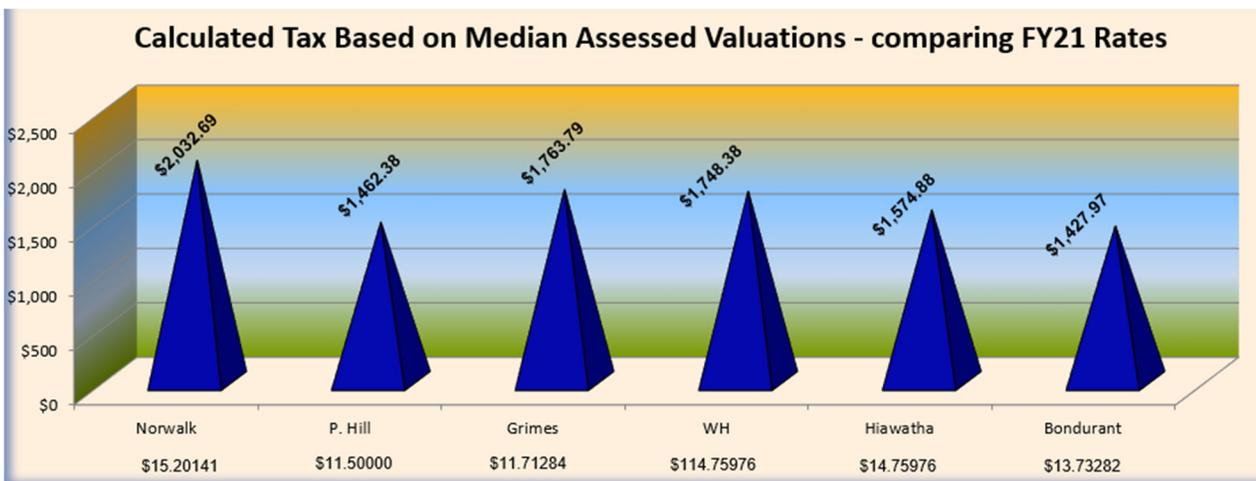

**Tax Rate/Residential Rollback**

The adopted tax rate is \$11.62415 per \$1,000 of taxable valuation. This is the fifteenth consecutive year the city has reduced the levy rate, which is \$0.16134 less than last year's rate of \$11.78549. Combined with the residential rollback rate of 56.4094%, the homeowner of a home with the median assessed value of \$220,000 in Bondurant will pay a total of

\$1,442.56 in City property taxes, which is \$14.59 more than last year's amount of \$1,427.97 and \$123.05 less than the \$1,565.61 of the prior year. The driving factor in this calculation is the rollback percentage, which increased 1.3351% (meaning that while this was not a revaluation year, the percentage of valuation that is taxable grew slightly). The stability of the City levy rate and the amount of taxes a property owner will actually pay is a primary objective in the city budgeting. With the City property taxes of \$1,442.56, this means that for approximately \$120 per month, the citizens and visitors of Bondurant receive 24-hour law enforcement and Fire protection; emergency medical services; recreational facilities and parks programming; road repair and reconstruction; capital projects upgrading the infrastructure they use every day; and a host of other services and protections. Following is a graph showing city property taxes based on average historical valuations.

While it is important to continually benchmarking Bondurant rates from year to year, it is also important that we ourselves with the market (other similar communities). There are three components to calculating property tax: the assessed valuation, the residential rollback rate, and the levy rate. The following graph shows how Bondurant compares with other similar communities with regard to tax calculations. Please note that for purposes of comparison, FY21 rates are used because this is the most recent information on adopted rates for communities.

## **Policy Initiatives/Accomplishments**

As alluded to earlier, this past year has been challenging, with the onset of the global health pandemic and the derecho that hit in July. The City of Bondurant rose to each of these challenges.

Over the past year, even with COVID-19 the City dramatically expanded community-based programming and increased offerings through the Parks and Recreation areas and through the Bondurant Community Library. The Parks and Recreation programming pivoted successfully with more on-line programming, take-and-make kits, and re-imagining how the holiday parade could be held in a safe manner. The city's social distancing park signage was also recognized by Iowa's Living Roadways on their facebook page. With the expansion of the library, the additional space will be used for more and expanded programming. One of the challenges in expanding parks or recreation programs is space. The Bondurant Library should be commended for being a leader in finding innovative ways to continue to provide library services in a safe way. Their drive-up services were highlighted in an International City/County Management blog as a best practice and their partnership with the school to connect students with hot spots is laudable. The City secured grant funding to provide additional hotspots and tablets to aid that effort.

The city's records project is now in full swing. Council approved a contract with Laserfiche for document storage on July 15, 2019. Bondurant's City Clerk has been leading a committee of clerks from around the State to develop a standardized file naming convention, similar to the uniform chart of accounts that is used in budgeting and finance. She is also working with Laserfiche to develop protocols for file storage that will help automate some of the file archiving. Once the naming convention and file archiving framework is finalized, the task of going through the decades of files at Public Works beings. This is a long-term project.

The city continued to work towards pedestrian safety enhancements. Bondurant secured a Prairie Meadows grant that supported the additional of three pedestrian crosswalks.

The City established a GIS program and began collecting data to create and use GIS. Data for locations of water and sanitary sewer has been collected. Stormwater has not been completed yet. Our goal for year-end FY21 is to complete stormwater data collection, establish administrative rights for the GIS information website, and train staff on the use of the data. The training should be completed within the first quarter of calendar year 2021. Staff will explore the possibility of engaging the GIS program or ISU services over the next year to inventory street condition and create a multi-year overlay program based on the condition.

It has been discussed in detail earlier, but is worth noting again that the focus on safety to reduce the number of workers compensation incidents and the City's "mod" factor has been an ongoing, strategic, and focused effort that is beginning to produce significant benefit in terms of cost savings.

The City Council's vision for the use of the Local Option Sales and Services tax was implemented this past year. Sixty percent of anticipated revenues were applied to the levy rate, reducing it the \$1.95 that had been projected during the discussions leading up to the LOSST vote in August of 2019. The remaining LOSST funds support capital projects, such as the Library renovation and expansion, as well as a piece of the Junior High/High School trail construction included in the FY21 year-end estimate.

The City Council embraced the Ultra High Pressure Technology for the Fire Department during the last FY20. The City received a Program Excellence Award for Community Health and Safety from the International Association of City/County Management.

The City Council adopted the Regional Commercial Master Plan, which earned the Economic Planning Project of the Year Award from the American Planning Association Iowa Chapter. The City's Planning Director was also named Planning Professional of the Year.

The city continued its collaboration with community groups on a number of projects, including the art installation on the bus barn. The mural can be easily seen from the trail and attracts a great deal of interest. The upcoming mural on the fence at the downtown parking lot will also continue to help beautify Bondurant.

In the past 18 months, the City substantially completed the Southwest District Infrastructure Improvement project, the City Hall expansion and renovation, Mud Creek Restoration/Relocation project, 2<sup>nd</sup> Street Culvert, and turn lanes at Grant/2<sup>nd</sup> Street. The SW District project had an aggressive timelines for completion and staff worked closely with the contractor to monitor construction milestones and the Communication and Events Coordinator kept property owners apprised of the project's progress. Capital projects continue to be a major focus in the FY22 budget, including the library, Project Omega improvements, the Underpass, and the large project near I-80.

Included in your budget packet is a map showing various projects that are occurring throughout the City of Bondurant. It includes residential development, infrastructure and other projects, and commercial projects on page 9.

### **Upcoming Pending Policy Issues**

The upcoming budget includes funding for the city's participation in several regional efforts. First, the budget includes continued funding for BRAVO, the Visitors and Convention Bureau (Catch Des Moines), the upcoming Central Iowa Water Trails effort, the Bondurant Chamber of Commerce (continuing at the Premier level), EPIC, and BDI. There has been a great deal of discussion about EPIC recently. Earlier in the year, the Council provided notice to the EPIC Board that the City was not planning to continue, as the cities of Altoona and Pleasant Hill had indicated they were planning to withdraw. In the aftermath of this information, there has been discussion amongst the private entity partners in EPIC and there is a strong desire to continue the organization, hopefully with cities participating at a lower financial investment. The budget includes funding for this moderated level of financial participation, as well as funding for the city to contract for Bondurant-specific economic development services.

The City of Bondurant currently participates in a regional airport agreement, providing \$0.15 funding for the airport in Ankeny. The agreement was initially approved in 1989 and extended in June of 2000 to revised the end date of the agreement to June 30, 2021, and expires at the end of the current fiscal year. Under the agreement, Bondurant remits the equivalent of \$0.15 per thousand of taxable valuation towards the airport and has a representative on the airport board. The Council discussed the issue earlier in the year and received a presentation from Polk County Aviation Authority representatives. At the earlier meeting, the possibility of continuing at a lower level was considered and a level of \$0.10 was contemplated. The budget proposal originally included a \$0.07500 level of participation. The Council also discussed the possibility of establishing a dollar cap or a 'not to exceed' level the annual amount. Below you will find a chart showing the growth of the airport levy revenue.

**City of Bondurant Historical Airport Levy Revenue Growth**

Fiscal Year	Operating Levy Valuations	Airport Levy Revenue	% Growth	
1992 - 1993	20,106,655	3,016		
1999 - 2000	39,203,677	5,881		
2000 - 2001	42,205,336	6,331	7.7%	
2001 - 2002	44,403,939	6,661	5.2%	
2002 - 2003	45,045,947	6,757	1.4%	124.04% 10 year growth
2003 - 2004	49,853,491	7,478	10.7%	
2004 - 2005	55,546,135	8,332	11.4%	
2005 - 2006	60,400,283	9,060	8.7%	
2006 - 2007	67,040,561	10,056	11.0%	
2007 - 2008	70,629,179	10,594	5.4%	
2008 - 2009	71,023,023	10,653	0.6%	
2009 - 2010	83,011,985	12,452	16.9%	
2010 - 2011	89,082,362	13,362	7.3%	
2011 - 2012	97,036,409	14,555	8.9%	
2012 - 2013	108,187,554	16,228	11.5%	140.17% 10 year growth
2013 - 2014	113,137,064	16,971	4.6%	
2014 - 2015	123,639,053	18,546	9.3%	
2015 - 2016	140,150,373	21,023	13.4%	
2016 - 2017	154,087,155	23,113	9.9%	
2017 - 2018	172,662,060	25,899	12.1%	
2018 - 2019	200,964,962	30,145	16.4%	
2019 - 2020	226,978,341	34,047	12.9%	
2020 - 2021	255,627,773	38,344	12.6%	
2021 - 2022	299,243,501	44,887	17.1%	176.60% 10 year growth
1388.29% overall growth				

At the \$.07500 levy rate, the City of Bondurant would have contributed \$22,442 to the airport in FY22. If that status quo were maintained, the city would have paid \$44,887. Following is a table showing the projected amount the city would be paying today if the contribution had grown at various percentage levels.

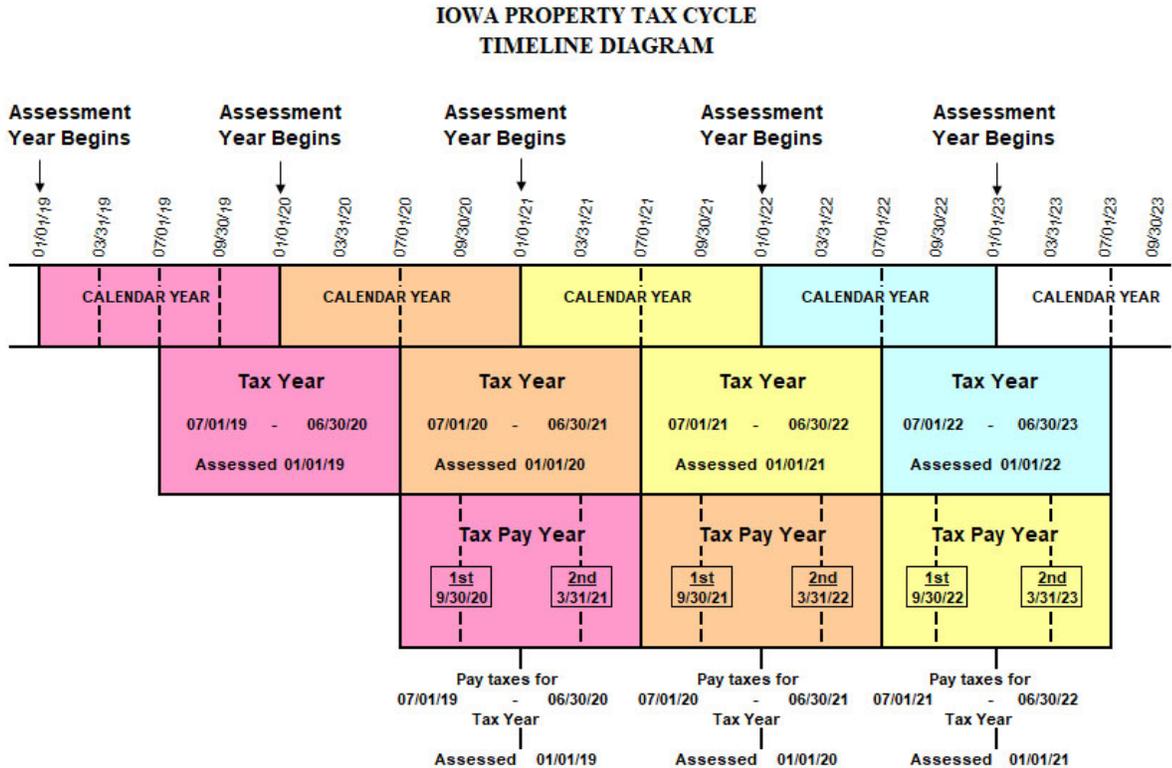

Contribution today @2.5% annual growth	6,172
Contribution today @3% annual growth	7,107
Contribution today @5% annual growth	12,414

If the contribution had grown at a 5% annual pace, the city would be paying only \$12,414 today. Balancing the level of contribution with the benefit derived from investment is a Council policy issue and the Council discussed the costs and benefits in depth. After much deliberation and research, the Council determined to not move forward with any levy for the Aviation Authority in the City's budget for FY22.

**Levy Reduction**

The Council has a long-standing goal of reducing the levy rate. For the past 15 years, the Council lowered the levy rate, most years by \$0.05, and last year by \$1.95. This year is no exception in that the proposed rate is \$0.05267 and the final rate is \$0.16134 lower than last year's rate. The desire to lower the levy rate further is understood. It is easy to see the blossoming commercial and industrial growth in Bondurant. This growth will eventually give the City the valuation necessary to continue to lower the levy rate, while also addressing the needs of the community and the previously-discussed external factors that affect city finances. While Bondurant has added commercial and industrial value, it is important to consider that the growth in assessed valuation does not necessarily equate to comparable growth in taxable valuation. The growth in assessed valuation does not produce valuation that is immediately

taxable. The below diagram illustrates the property taxation timeline in Iowa. As you can see, property valuation comes online a full 12 months before a city can levy taxes on it and an additional six months before property taxes are collected on the 18-month old value. It is also critical to remember that for the first few years of valuation, a portion of the value from the larger economic development projects is captured to pay for the infrastructure investment.

Factors considered in proposing the levy rate include:

1. Ensuring resources to meet the needs of the community;
2. Stabilizing and reducing the levy rate so there are not large variations from year to year and a continued ability to maintain a lower rate;
3. Minimizing the actual taxes a property owner pays, once their assessed valuation and the residential rollback is calculated;
4. Achieving the strategic goals set forth by the City Council for community and organizational growth;
5. Maintaining reserve levels and observing other requirements and goals from the city's adopted financial policies; and
6. External factors (discussed earlier in this document) that impact city finances.

The Council's desire to further reduce the levy rate and/or the overall cost burden to the end payer is understood. To that end, city staff is working with the city's financial advisor to update long-term projections for the sanitary sewer fund with the goal of reducing rates. Other actions taken to reduce the levy rate (efficiency enhancement and securing outside funding to support city projects) have been outlined previously. The action that was identified as possible and eventually decided to implement was to further reduce the amount of levy earmarked for the Polk County Aviation Authority. Another alternative that was discussed was to delay the additional position in Public Works and the expansion of Library hours. This option was not recommended by staff as with the lane miles that have been added, the Public Works Department needs the resources to meet community's expectations. The same is true

with the additional part-time hours for the Library.

Another option explored was to begin to treat Garbage as a full enterprise fund. Currently, the fund is subsidized by tax collections. This is an option to reduce the levy however, it would inevitably increase the garbage rates, which does not achieve the goal of lowering the overall cost burden to the end payer. Another alternative to property tax is the franchise fee on utilities. That option is available to the city, however, is not suggested as Bondurant is one of the few communities without the franchise fee. Ultimately, as mentioned earlier, the Council chose to eliminate the Aviation Authority levy.

In discussing property tax levies, it is important to note that City property taxes are not the only taxes a resident pays. There are a number of taxing entities that levy and collect property taxes. Below is a chart showing how property taxes are disbursed. As you can see, the City is one of, but not the largest percentage of property taxes. To that end, the City works with the Bondurant-Farrar Community School District to contain costs for property owners in Bondurant. The City has regular discussions with the School District and will continue to partner with the District in ways that can enhance efficiencies for both organizations.

This budget represents the culmination of Council priorities and financial planning. It reflects a great deal of hard work and difficult choices discussed and made throughout the year. The oversight of the City's finances is likely the most arduous and laborious task of any public official. If there is anything staff can do to make the information clearer or easier to understand, please do not hesitate to make suggestions.

Thank you.

Respectfully Submitted,

Marketa George Oliver, ICMA-CM, SPHR  
City Administrator

# Fire Chief's Message

## Mission Statement

The mission of Bondurant Emergency Services is to minimize loss of life, property and the environment from fires, natural disasters, life threatening situations, and to assist other emergency agencies.

The mission shall be accomplished through quality **S.E.R.V.I.C.E.** delivery as follows:

- **SAFETY:** for the community we protect and the personnel that protect it.
- **EDUCATION:** through programs for our residents and youth.
- **RESPONSIVENESS:** to the suggestions, influences, appeals or efforts of others.
- **VISION:** from the past, to the present and into the future.
- **INSPECTIONS:** investigations and inspections.
- **COMMITMENT:** to our community, our families, each other and ourselves.
- **EMPATHY:** for all.

## Overview of Services

In addition to responding to fire, motor vehicle accidents, and other emergencies, Bondurant Emergency Services provide 911 advance life support emergency medical services transport to more than 10,000 people in northeastern Polk County. Crews work as a team to provide quality patient care and member safety. We currently have two 2018 ambulances and one 2012 ambulance stocked with the most current state-of-the-art advanced life support equipment. The firefighting resources include one rescue pumper, two pumper/tenders, one 100' Bronto aerial platform truck, one ultra-high pressure tactical unit and one ultra-high pressure rapid response command unit. Bondurant Emergency Services has a close working relationship with mutual aid partners to provide quality response in a wide range of responses. Bondurant Emergency Services responded to more than 500 calls and is currently staffed with 1 full time Chief, 2 full time Assistant Chiefs, 1 full time Training Officer, 1 full time Fire - Medic, 12 part time Fire-Medics/EMT's, 1 part-time Administrative Assistant, 12 paid-per-call members and 4 Cadets.

## Goals and Objectives

Bondurant Emergency Services (BES) has the goal to provide the best possible service on every call for service and to mitigate the emergency as quickly, efficiently, and safely as possible.

**Performance Measures**

	2015	2016	2017	2018	2019
Number of 911 Calls for Service / total number of incidents	346 / 419	436 / 512	476 / 586	520 / 619	635 / 723
Average Responses Time of first unit on scene	00:11:17	00:10:42	00:9:22	00:9:05	00:8:35
Average number of personnel on calls	6	7	8	7	7

**Accomplishments**

- Bondurant Emergency Services (BES) staff participated in a regional hiring consortium;
- BES staff developed a regional online training consortium;
- BES staff became a recognized training site for American Safety and Health Institute (ASHI) location;
- The City hired a new medical director that is more hands on than the previous director;
- The City implemented city wide commercial fire inspections beyond the required inspections for liquor license requirements;

**Significant Information**

The Fire Department has allocated funding for the following items:

- Funding for new Personal Protective Gear to replace worn and out dated gear;
- Main station Copier System equipment and improvements;
- \$45,000 for Assistant Chief vehicle and equipment;
- Funding for a third LUCAS device for our third out ambulance / rehab unit;
- With the assistance of the Public Works Department, we were able to purchase a gently used 100' articulating tower that replaced our older 75' straight stick aerial. This was approximately one year ahead of schedule. Sold our old aerial to a neighboring department;
- Funding allocated for a medication storage and securement machine for the station;
- Funding for inventory control software for the entire department both fire and EMS;
- Funding for paid-per-call bonuses for going beyond department minimal requirements.

# Public Works Director's Message

## Overview of Services

The Public Works Department is visible to the public daily providing services in the park system, on the roadways, in public facilities and working with the community to ensure compliance with city codes. Services include:

- Maintaining the City's roads and alleys, including pothole filling, joint sealing, curb repair, snow and ice control, grading, treating, and application of material;
- Participating in planning efforts for the city's future roadways, sewer, water, stormwater, parks, and trail infrastructure;
- Traffic signals operations and maintenance, street/parking lot painting, sign maintenance, fiber network maintenance, and One-Call locates for signal/fiber network cables;
- Routine maintenance and inspection of pump station, sanitary sewers, and storm sewer, including cleaning and televising sewers;
- Cleaning all of the paved roadways and catch basins within the city limits of Bondurant;
- Mowing, trimming of trees and brush, treating unimproved roads to reduce dust, mosquito control, and other nuisances;
- Maintain the health and well-being of the City facilities and the safety of the occupants and visitors that use these facilities on a daily basis;
- Coordinates the maintenance, repair, purchase, and disposal of equipment and vehicles;
- Mowing/vegetation management, grounds patrol/pick up, safety inspections, equipment upkeep and repair of parks, open spaces, greenbelts, pond/lake, playgrounds, shelters, sports courts/fields, special events, trails, and natural resource areas;
- Periodic assessment and maintenance of all public trees including those on public right-of-way and median, within maintained areas of parks, in Bondurant Cemetery, and along city trails;
- Oversees all right-of-way tree planting and removal permits;
- Manages all utilities in the public right-of-way, handling locates and processing Right-of-way permits;
- Provides policy and procedural direction as well as addressing personnel, payroll, budget, and support issues; and
- Enforcement of certain nuisance codes including: junk cars, auto parts stored outside on private property, vehicles parked on unpaved surfaces, junk and debris in yards, weed and/or grass growing to a height of 10" or more, snow and ice removal from sidewalks, and sidewalk defects.

**Goals and Objectives**

A major goal of Public Services is to provide the citizens with efficient and high quality levels of service in a cost-effective manner while maintaining the City’s infrastructure with a new emphasis on “livability”. The livability of our residents depends on the conditions of our infrastructure. The maintenance of the City’s infrastructure such as parks, trails, roadways, traffic signal network, and sanitary and storm sewer systems is tied directly to the livability of our residents. The Public Services Department provides the maintenance for these City assets and strives to provide highly effective City services, continually.

**Performance Measures**

	<b>2018</b>	<b>2019</b>	<b>2020 ESTIMATED</b>	<b>2021 ESTIMATED</b>	<b>2022 ESTIMATED</b>
Improved street lane mile	83	91	115	120	130
Sanitary Sewer linear Miles			29.89	36	45
Storm Sewer linear miles					
Water pipe linear miles			44.13	48	55

**Accomplishments**

- Successfully collaborated with design professionals and construction management teams to ensure the on-time and under budget deliver of major capital improvements, including the SW District Corridor infrastructure improvements, the NW Trunk Sewer.
- Facilitated major planning efforts such as the Streets Master Plan and the Comprehensive Stormwater Master Plan.
- Coordinated with contractors and developers on numerous, recent, major developments, that produced more than 250 lots.
- Use of now four weather stations that provides data driven decisions in snow and ice control environment, this effort gives decision makers the confidence to utilize the minimum amount of materials on the street limiting budget overruns but more importantly maintaining the quality of water, air and environment.
- Established Geographical Information Systems (GIS) program.

**Significant Information**

Public Works continues to be engaged in a number of major infrastructure projects including:

- Shiloh Rose Parkway/23<sup>rd</sup> St SW improvements;
- NE Storm Sewer project;
- Washington Street Deceleration Lane;
- Highway 65 Pedestrian Underpass project;

- Ditch 2 Streambank Stabilization;
- 10<sup>th</sup> Street Extension; and
- Several large trail projects (High School/Junior High Trail and Sankey Summit Trail construction and Quail Run trail planning).

Additionally, the Public Works Department continues to build its GIS information and plans to launch a formal asset management program in FY22. This will enable staff to track and quantify costs more quickly and accurately. This will support better capital planning moving forward and provide the foundation for building more effective maintenance models.

## **Goals**

FY 22 goals include the addition of a Public Works Operations Specialist to help address the needs generated by the addition of lane miles throughout the community, as well as the additional parks amenities. It intended for the position to field and resolve nuisance complaints as well. There has been a steady rise of complaints in the past few years and we currently do not have adequate staffing to be able to enforce the City's code appropriately. Finally, the position includes duties specific to stormwater management, which is an area of growing responsibility.

There are pieces of capital equipment proposed in the Capital Improvements Plan that will enable staff to be more efficient and enhance staff safety as they work.

It is a long-term goal of the department to secure land in more functional location and build a Public Works facility that will enable the Department to operate more effectively.

# Planning & Community Development

## Director's Message

### Overview of Services

The Planning & Community Development Department has many goals related to growing and retaining business in Bondurant, some of these goals are:

- Enforcement of certain nuisance codes including: outdoor storage of junk and junk vehicles, vehicles parked on unpaved surfaces, weed and/or grass growing to a height of 8" or more, sidewalks, etc.;
- Pre-construction plan review;
- Code analysis with architects, owners, developers, and contractors;
- Zoning compliance confirmation;
- Zoning Code review of the following: building permits, fence permits, and sign permits;
- Flood plain coordination;
- Meet with developers, realtors, and citizens interested in development in an around the City;
- Serve as the hub for the processing of development applications, coordination of the review by the various City departments and outside agencies, conveying review comments and concern to the applicant, resolution of issues with development proposals, and the preparation of staff reports and presentation to the Planning and Zoning Commission, Board of Adjustment, and City Council;
- Lead development of the City's Comprehensive Plan;
- Ensure uses and regulations provided in Chapter 175-182 of the City Code are met as they relate to the Zoning Code, Subdivision Code, and Sign Code;
- Assign addresses and convey information to the USPS;
- Guide and educate the public.

### Goals and Objectives

The Planning & Community Development Department participates in all matters associated with the growth and development of the City. The Department is involved in the use, location, regulation, design, construction, quality, and occupancy of all buildings and private properties. The Department enforces the City's adopted Zoning, Subdivision, and Sign Codes. The Department is tasked with overseeing both current development and long-range planning. The Department guides applicants through the development review process and facilitates obtainment of approvals from the respective bodies, including City Council, Planning & Zoning Commission, and the Board of Adjustment. Another key role of the Department is the maintenance and update of the Comprehensive Plan and Zoning, Subdivision, and Side Codes. The Comprehensive Plan provides the long-range vision for the City, while the Zoning Code provides the regulation and details for the use of buildings and physical development to bring the vision to reality.

### Performance Measures

	2015	2016	2017	2018	2019	2020
Single Family	118	123	148	111	83	122
Duplex	0	6	16	0	0	8
Town House	0	5	0	0	4	12
Apartment Buildings	0	0	0	0	1	3
Commercial	3	1	6	9	12	8
Additions, Remodels, etc.	37	62	54	53	29	68
Total Permits Issued	158	197	224	173	129	221
Construction Valuation	\$28,356,790	\$34,736,990	\$59,891,345	\$40,275,539	\$329,055,832	\$82,194,091.00

### Accomplishments

- Scanning paper files and saving electronically;
- Created electronic file naming convention for Planning & Zoning Commission and Board of Adjustment cases so that electronic files are easier to locate;
- Adopted during the COVID pandemic so that building permits and other applications are accepted electronically via email, including commercial, multi-family, and single-family projects;
- Adopted Bondurant Regional Commercial Master Plan, that won the American Planning Association – Iowa Chapter’s Economic Development Planning Award for 2020
- Maggie Murray, Planning & Community Development Director won the American Planning Association – Iowa Chapter’s Distinguished Leadership Award for a Professional Planner for 2020

### Significant Information

- The following is a list of revenues of the Planning & Community Development Department:
  - Developer Reimbursements
  - Permit Fees
  - Application Fees
- The following is a list of anticipated costs of the Planning & Community Development Department:
  - Comprehensive Plan Update (\$75,000 budgeted in FY21)
  - Engineering services associated with the Downtown Master Plan (cost to be determined)
  - Purchase of ArcGIS software (approximately \$7,000 for perpetual license).

# Library Director's Message

## Overview of Services

The Bondurant Public Library serves as a primary touch point for local government services and provider of needed information, as well as internet access, including hardware (tablets) and hotspots. The library provides materials, technology, space, and programming to support and enhance both the formal-facilitated and self-directed learning. The Library offers a full range of programming for residents at any state in life. Services include:

- **Physical Materials:** various formats, including books, journals, newspapers and reference guides as well as educational and entertaining video and audio materials;
- **Virtual Materials:** Electronic resources such as e-books, and databases, which allow patrons to use the library remotely, on devices while traveling or after hours;
- **Public-facing Technology:** Desktop computers, Wi-Fi hotspots, tablets, and other devices, some of which are available to check out;
- **Programming:** Story times, and face-to-face learning opportunities, especially for children and young adults/teens. The educational and cultural considerations of adult learners are also taken into account with several adult programs and activities;
- **User Support:** Reference, instructional and readers' advisory assistance from a trained and experienced staff;
- **Space:** Meeting and collaboration space that enables patrons, educational groups, nonprofit groups and charitable organizations to meet in a safe, public place without having to pay usage fees, enabling the library to act as a community partner to various organizations.

## Goals and Objectives

In fiscal years 2021-2022, the library has identified several goals including:

- Guide the expansion and renovation project to its successful completion and hold an open house in late summer;
- Expand part-time staffing to open on Sundays;
- Continue a robust Summer Read program.

## Performance Measures

	2015-2016	2016-2017	2017-2018	2018-2019
Visitors (door count)	30,855	31,734	33,080	35,515
Circulated Items (physical items)	31,549	39,052	38,440	38,653
Circulated Children's Material (Physical items)	15,029	19,694	16,368	16,287

Circulated Digital Items	2,902	3,189	4,861	5,887
Summer Reading Program (program attendance)	606	965	1418	1701
Summer Reading Program (number of patrons signed up)	764	721	859	851

**Accomplishments**

- Worked with architects, engineers, and contractors to finalize and realize plans to renovate the library;
- Partnered with the School District to provide hotspots for internet access to students for virtual learning;
- Secured funding for additional hotspots to provide patrons with internet access work from home or learning and with tablets during the global health pandemic; and
- Identified and implemented innovative ways to deliver services to patrons while keeping team members safe during the global health pandemic.

**Significant Information**

The Library is in the process of undergoing a significant renovation and with the project completion in the summer of 2021. The renovation will ultimately add a significant amount of space to the library, including additional meeting rooms. The work will also improve existing facilities and upgrade furniture.

The Library purposes funding for the following items:

- Additional part-time staffing;
- Capital Improvements, including HVAC replacement; and
- Furniture replacement.

# Communication and Special Events Coordinator's Message

## Overview of Services

The Parks and Recreation Department focuses to improve quality of life by *connecting* Bondurant residents to recreational activities, outstanding facilities, superior trails, and promoting healthy lifestyles. Services include:

- Operation and management of the City's park system that encompasses 121 acres of parkland, 13 parks, 3 special use park shelters, and 8.82 miles of trails;
- Operation and management of the Bondurant Cemetery, including lot sales and record maintenance;
- Programming and events for people of all ages and abilities such as adult programs, youth programs, and special events;
- Programming face-to-face learning opportunities, especially for children; the art and cultural considerations of adult learners are also taken into account with several adult programs;
- Maintain a volleyball and basketball court, as well as maintain baseball/softball and soccer fields for lease at the Bondurant Recreational Sports Complex;
- Park Shelters rentals for social occasions;
- Processing of registrations, reservations, and street closures;
- Facilitate the activities of the Parks and Recreation Advisory Board, the Dog Park Committee, and the Tree Board;

## Goals and Objectives

The Parks and Recreation Department's overall budget goal for FY 2021-22 is to maintain service levels in existing areas of the department while adding new areas of operations and programming. Major new areas for the Department include the addition of the soccer fields at Bondurant Recreational Sports Complex and Efnor Estates neighborhood park shelter.

- See through to completion of the development of Eagle Park;
- After phase II of the Sankey Summit development, a trail will be installed to allow better access to public fishing at Eagle Park;
- Begin to seek prospective space for and plan to deliver the Bondurant Central Park concept;
- Finalize planning and upgrade City Park amenities;
- Plan to deliver funding to begin construction of the Bondurant Dog Park 2022.

**Performance Measures**

	<b>2014</b>	<b>2015</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>Goal</b>
# of baseball/softball games played at BRSC (all youth)				363 players registered	230 LL Games; 24 Tot-ball Games; Total of 523 players registered	262 LL Games; 24 Tot-ball Games; Total of 316 players registered	Season canceled, but these were projections 280 LL Games; 24 Tot-ball Games; Total of 418 players registered		N/A
# of soccer registrants with Bondurant Soccer Club (all youth)						332 Spring Season; 437 Fall Season	384 Spring Season (canceled); 385 Fall Season	343 Spring Season	N/A
# of basketball registrants with Bluejay Basketball Club (3 <sup>rd</sup> -6 <sup>th</sup> Grade)				215 players registered	200 players registered	208 players registered	206 players registered		N/A
# of Shelter Reservations	67	62	38	58	38	34			N/A
# of burial spaces sold/transferred	12	4	6	4	16	15			N/A

## **Accomplishments**

- Updated and enhanced online website allowing the City to streamline the Shelter Reservations process;
- Update and enhanced the online payment processor allowing the City to utilize for registration needs;
- Organized all recreational supplies and evaluated stock;
- One major public art project completed by the Bondurant Community Foundation- Bus Barn Mural; \$5k of \$12k grant
- Purchased a popcorn machine for the movies in the park series; \$250
- Purchased 3 bag board sets with City logo for programming; \$150
- Designed and constructed additional parking for downtown businesses while implementing innovative water quality practices;
- Purchased an inflatable movie screen with funding provided by a Mid-American Energy grant; \$219
- Distributed nearly 24 trees through the 2019 Annual Tree Board sale;
- New programs offered included the Summer Movie Series in the Park, Creative Genius Art Camp, and a weekly fall bags league.

## **Significant Information**

The Parks and Recreation Department has been allocating funds for the following items:

- \$35,000 for tree maintenance and new trees throughout town
- Additional funding has been included for annual programming

# Financial Policies

## General Fund Reserves

The City maintains adequate liquid financial reserves in the General Fund to protect against unanticipated circumstances and events resulting in revenue shortfalls or unexpected expenditures.

This policy applies to fund balance in the General Fund net of:

1. Non-spendable Fund Balance – non-liquid assets that cannot be converted to cash or that are long-term
2. Restricted Fund Balance – externally enforced legal restrictions by creditors, grantors, contributors or other governments

GASB 54 defines five classifications of fund balance, which are summarized in the table below:

**Governmental Accounting Standards Board  
Statement No. 54 Fund Balance Classifications**

		Classification	Definition	Degree of Spendability
Restricted Fund Balance	}	Nonspendable	Resources that are not in a spendable form (inventories, prepaid items, or items required to be maintained intact).	Nonspendable
		Restricted	Resources constrained to specific purposes by external providers (creditors, grantors, contributors, and other levels of government) through laws and regulations.	
Unrestricted Fund Balance	}	Committed	Resources constrained by limitations the City imposes upon itself at its highest level of decision-making authority (City Council); limitations remain binding unless removed in the same manner.	
		Assigned	Resources a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates authority.	
		Unassigned	Resources available for any purpose; these resources are reported only in the General Fund.	Spendable

The City will maintain a level of at or above 25% of operating expenditures.

The City's authority to issue debt to finance capital investments such as infrastructure improvements, capital equipment essential to providing services, and community and economic development projects has a great impact on future generations of Bondurant citizens. The community drives the initiatives through its executive elected officials, Mayor and 5 Council Members (meet the executive elected officials <https://www.cityofbondurant.com/government/pages/mayor-and-city-council>) and resident volunteer boards, commissions, and committees (for a full listing <https://www.cityofbondurant.com/government/pages/city-staff-boards-and-committees>.)

The elected officials and resident volunteers collaborate with each other and City staff during regular scheduled open and closed to the public meetings to create and shape comprehensive and visioning plans. It is these plans that drive the strategic goals for capital investment and prioritizes them. This policy guides and drives some of the considerations involved when deciding to use debt issuance and what type of debt to finance capital investments.

## Debt to Finance Capital Investments

The City has established three benchmarks in regards to the issuance of debt. First, the City would like to limit the amount of general obligation debt issued to 80% of the constitutionally allowed limit. Secondly, the City would like bonded debt per capita not to exceed \$3,800 for <sup>41</sup>

general obligation debt. Thirdly, the City will not borrow past the useful life of the improvement or equipment purchase, but will borrow for the entire useful life of the improvement in an effort to ensure equity for end users and taxpayers. The City will be transparent in its borrowing, avoid balloon payment or variable rate debt, and continually monitor market conditions to take advantage of refinancing opportunities when possible.

The general obligation debt limit is set by the State of Iowa and it stipulates that a City cannot exceed 5% of the value of taxable property in the city not incorporating the “roll-back”.

**DEBT LIMITATION FOR GENERAL  
OBLIGATIONS as of June 30, 2020**

Actual valuation-- January 1, 2018	Amount \$409,974,881 X 5% = \$20,498,744
---------------------------------------	---

Per the City’s policy, the City had the capacity to have 80% of \$20,498,744 in general obligation debt, in the amount of \$16,398,995.

As the general obligation debt is at \$15,245,000 as of June 30, 2020 and general obligation debt limit is at \$20,498,744, the City was at 74% the legal debt limit.

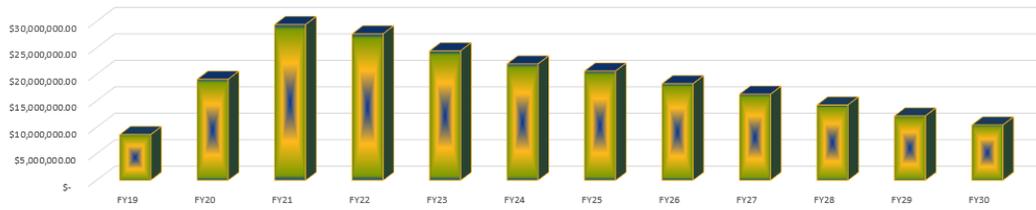

The concept of this policy’s third part is based in the ideas of interperiod and generational equity. The Governmental Accounting Standards Board describes it as the state at which current-year taxpayers have provided the adequate resources to pay for the cost of current-year services and for their portion of the City’s assets they consume in relationship to the assets useful life. It is the equilibrium in which the City neither passes on the costs of services and assets to the taxpayers of previous periods by deferral nor subsequent periods by accumulated assets. Generational equity is the concept that users of a capital project or equipment will change over its useful life and cost of those assets should be spread out to those that will use the capital investment over time. An example of passing costs to previous taxpayers is if the City saved cash reserves from tax receipts to the general fund over time to purchase playground equipment. In that scenario, it is likely not all the taxpayers that contributed to the cash reserves will benefit by the positive change in net position to the City’s assets, as often taxpayers move out of the City’s jurisdictions. Meaning those taxpayer that move away before the end of the assets useful life will have contributed to the whole cost but didn’t get to use it to its maximum benefit. An example of passing costs to subsequent taxpayers using the previous example of purchasing playground equipment is to acquire the equipment the City financed the purchase through general obligation bonds with a maturity term longer than the playground equipment’s useful life. In that scenario, the debt service payments would continue past the time for replacement of the equipment, resulting in taxpayers in subsequent years bearing the cost of debt service payment on equipment that no longer exist. One tool to achieve interperiod and generational equity for major capital expenditures is through strategic debt issuance. Selecting a financing option with even distributions of debt service payments and interest over the term of the bond by avoiding balloon payments and variable interest rates. While selecting a term that adequately aligns with the useful life of the capital investment.

The City uses professional services for bond financial advising, underwriting, and legal counsel to ensure that the City receives competitive bond sales, optimizes refinancing opportunities and selects the appropriate type of bond for the capital investment, e.g. TIF revenue bond for TIF projects and utility revenue bonds for utility projects.

Following is a graph illustrating the City’s Outstanding Debt Obligations.

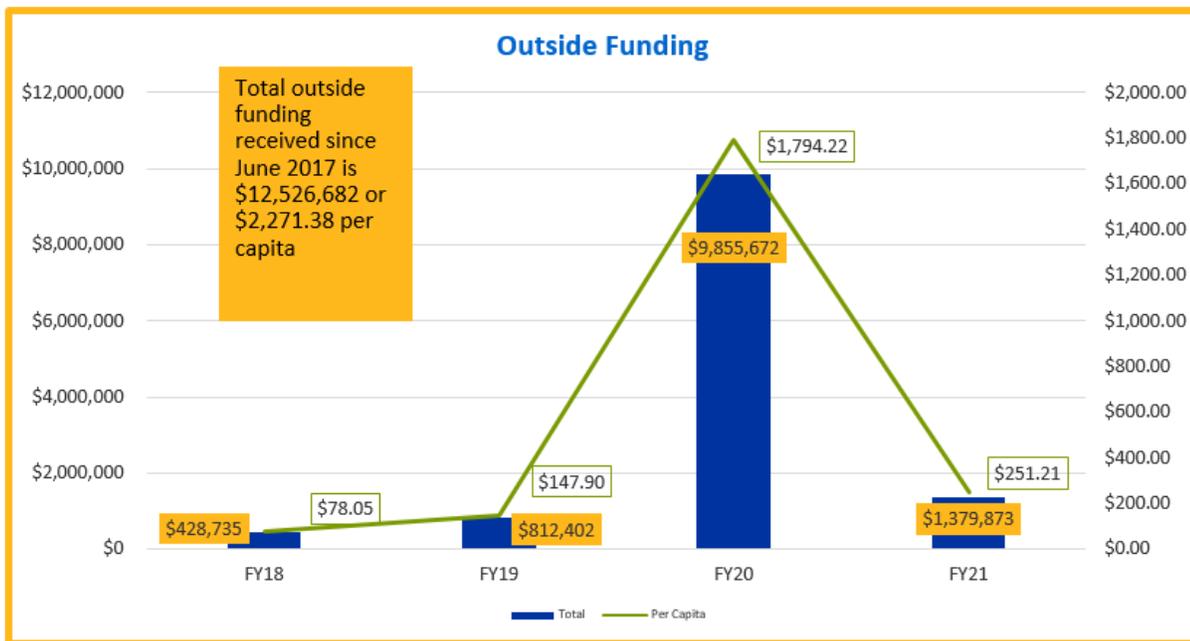

FY19	FY20	FY21	FY22	FY23	FY24	FY25	FY26	FY27	FY28	FY29	FY30
\$ 8,636,932.68	\$ 19,083,463.78	\$ 29,414,944.08	\$ 27,654,625.59	\$ 24,438,883.30	\$ 21,981,188.21	\$ 20,626,759.46	\$ 18,245,000.00	\$ 16,260,000.00	\$ 14,230,000.00	\$ 12,150,000.00	\$ 10,445,000.00

**Outstanding Obligations**

## Grants, Reimbursements, and Outside Funding

The City of Bondurant has a policy to seek all grants, reimbursements, and outside funding for major projects, program initiatives, or unexpected expenses, as is possible within the City’s budgetary ability to meet any revenue matching required. The City will proactively seek funding sources on a regular basis. The City accounts for outside funding separately from internal funding to provide clarity and highlight external investment into City activities. The City will comply with all reporting requirements and terms levied by external sources.

It is important to recognize, grants often come with specialized requirements including but not limited to the following.

- Fund Matching
- Specific Compliance Rules
- Monitoring of Other Parties
- Specialized Reporting
- Additionally Auditing

As a condition of the grant or politically, the City may be required to continue funding programs and assets after the grant funding expires. The City requires certain steps be taken before applying for or accepting grants to maximize the benefits of grants while minimizing their risks. The Finance Department prepares analysis and reporting and reviews other Department’s grant proposals to ensure the City can meet requirements of the fund awards, while enjoying the a benefit of funding that doesn’t compromise the Council’s vision of City services provided.

**Grants the City has received since June, 2017**

Funding Agency	Grant/Contribution	Project	Award Year	Amount/Value
MidAmerican Energy	Community Grant	Blow Up Movie Screen	2017	\$235
Landau Corp.	Fire Department Grant	General	2018	\$750
MPO	Transportation Alternative Grant	HWY 65 Underpass	2017	\$400,000
Wellmark	Employee Match Grant (Nic Robinson)	Eagle Park	2018	\$12,000
Civic Club	Flower contribution	Flower pots	2018	\$250
Iowa Department of Health	LUCAS machine	Fire Dept - equipment for ambulance	2018	\$15,000
Bondurant Library Foundation	contribution	Summer Reading Program	2018	\$500

**FY 18 total \$428,735**

Funding Agency	Grant/Contribution	Project	Award Year	Amount/Value
MidAmerican Energy	Trees Please	Trees	2018-July	\$1,000
Prairie Meadows	Grant	Ultra High Pressure Fire Equipment	2018-July	\$15,000
SAFER	Grant	Fire Fighter Staffing	2018-July	\$723,787
DNR	REAP Grant	City Park Acquisition	2018-December	\$42,354
Vermeer Executives	Contribution	Post Tornado Tree Restoration	2018-December	\$1,400
IDOT TSIP	Grant	Work Zone signage	2018-December	\$3,000
Facebook	Grant	Library Hot Spots		\$3,000
Bakeris Roofing	Contribution to Fire Department	Fire Department	2019-January	\$5,000
Book Sales & Donations	Contribution	Library Trust	2019 Annual	\$17,861

**FY 19 total \$812,402**

Funding Agency	Grant/Contribution	Project	Award Year	Amount/Value
MPO	Grant	Underpass	2019-January	\$397,000
Honda	Grant	BRSC (make sure quads are ADA compliant)	2019-March	\$6,000
Facebook	Grant	Library Hot Spots	2019-March	\$3,800
Bravo	Grant	Murals	2019-June	\$5,000
Prairie Meadows	Grant	Pedestrian crosswalk	2019-July	\$18,000
Prairie Meadows-Legacy	Grant	Underpass	2019-July	\$200,000
Men's Club	Grant	Efnor Estates Park Shelter	2019-July	\$3,000
Men's Club	Grant	Christmas decorations	2019-July	\$3,000
MidAmerican Energy	Grant	Bondurant Blues & Brew	2019-July	\$2,000
MidAmerican Energy/EPIC	Grant	Tornado recognition	2019-July	\$500
MidAmerican Energy	Grant	Certified Site property work	2019-July	\$5,000
IDNR	REAP Grant	Property Acquisition	2019-September	\$74,601
IDOT	RISE Grant	Project Bluejay	2020-January	\$8,565,283

MidAmerican Energy	Incentives	City Hall	2020-January	\$3,873
IEDA	CDBG	hot spots, tablets	2020-April	\$12,600
Walmart	Community Grant	Stop the Bleed - wound supplies for FD	2020-April	\$1,000
Plaza RV	Contribution to Utility Department	COVID-19 Emergency Response	2020-April	\$3,400
MidAmerican Energy	New Build Energy Efficiency Grant	City Hall	2020-June	\$4,700
Book Sales & Donations	Contribution	Library Trust	2020-Annual	\$7,429
Dog Park Donations	Contribution	Department Contributions	2020-Annual	\$3,486

**FY 20 total \$9,855,672**

IDOT	RISE Grant	Project Omega	2020-August	\$1,065,032
State of Iowa	CARES Act funding	COVID-19 Relief	2020-October	\$165,368
Carver	Library Grant	Library Expansion	2020-October	\$60,000
Book Sales & Donations	Contribution	Library Trust	2020-Annual	\$22,350
Dept of Homeland Security	FEMA Grant	FD Generator	2020-December	\$60,030
Fire and Rescue Foundation	Contribution	Department Contribution	2020-Annual	\$6,268
Boy Scouts	Contribution	Bench Purchase	2020-Annual	\$825

**FY 21 total \$1,379,873**

**Grand Total \$12,476,682**

Occasionally the City will face challenges from disasters. By the nature of these events, they happen with little warning and can be very costly. With that in mind, the city is a part of the Polk County Emergency Management Commission, and has adopted their plan for emergency response. As part of the Finance Department's responsibility in these events, the department maintains schedules of all the City's assets and values, meets annually and as need with the city's insurance advisor to ensure appropriate coverage, stores original significant documents in an offsite lock box, and maintains accounting funds to record revenues and expenditures for each event. Some events will be declared national disasters and the Finance Department will collaborate with Federal and State agents to get reimbursements of available aid.

**Risk Management and Internal Controls**

The City of Bondurant solicits the advice of industry professionals such as the City Auditor, City Attorney, insurance providers, and IT providers to assess activity and process-level 44

risk. Based on their assessment and recommendations, City executive staff designs and implements internal controls. On a continual and periodic basis, the City and appropriate advisor review and monitor whether controls are operating as designed and how they can be consistently strengthened. The City also evaluates the controls periodically for efficacy. Additionally, the City will evaluate annually its liability exposure to ensure adequate coverage on capital assets and city operations.

### **Internal Audit Function, Strategic Evaluation and Internal Controls**

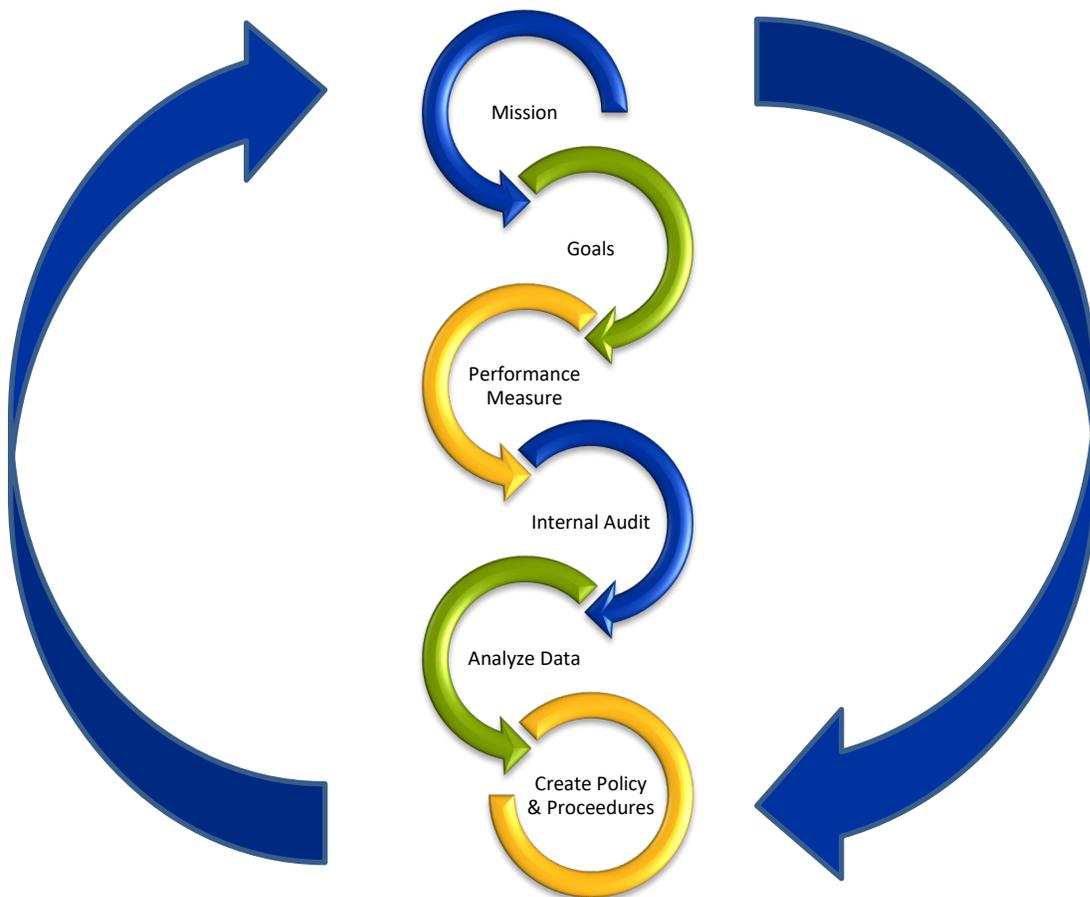

According to the Yellow Book produced by the U.S Government Accountability Office, the concept of accountability for use of public resources and government authority is key to our city's governing processes. Management and Elected Officials entrusted with public resources are responsible for carrying out public functions and providing service to the public effectively, efficiently, economically, and ethically within the context of the statutory confines of the specific government program. The Government Finance Officers Association recommends that, "...every government should consider the feasibility of establishing a formal internal audit function to help management maintain a comprehensive framework of internal controls." Additionally, GOA declares that, "effective use of an enterprise architecture (EA) is a hallmark of successful organizations and an essential means to achieving a desired end: having operations and technology environments that maximize institutional mission performance and outcomes. Among other things, this includes realizing cost savings through consolidation and reuse of shared services and elimination of antiquated and redundant mission operations, enhancing information sharing through data standardization and system integration, and optimizing service delivery through streamlining and normalization of business processes and mission operations. Not using an EA can result in organizational operations and supporting technology infrastructures and systems that are duplicative, poorly integrated, unnecessarily costly to maintain and interface, and unable to respond quickly to shifting environmental factors."

The Internal Audit Function for the City of Bondurant is the use of enterprise architecture as the framework and model for systematic evaluation, analysis, and communication of operation execution, resource allocation, and policy and procedure compliance. It is a perpetual cycle; that at regular intervals focuses on a different facet of the organization and a mechanism used during daily tasks and procedures. The Federated Model is the approach the city will use/uses to achieve the framework for the Internal Audit Function. The model looks at the City as an organization of coherent but distinct member architectures that conform to an overarching corporate or parent architecture. The City of Bondurant implements this model in the way that the central administration of government is the parent architecture and the various departments are the member architectures. This structure recognizes that each federation member (department) has unique goals, needs and services provided in addition to common roles and responsibilities with fellow members. While relatively autonomous from each other, the departments also inherit certain rules, polices, procedures, and services from the parent architecture (central administration of government). A federated architecture allows each department the autonomy needed to fulfill its mission while ensuring enterprise wide connectivity and alignment where appropriate.

The City Administrator is the director of the City. As such, the Administrator is the designee responsible for maintaining the internal audit function for the each City Department as a whole. The City Administrator will prepare and present performance reports to the Elected Officials with recommendations as necessary. The individual Director of each Department are responsible for the process in their respective departments. The Department Directors will prepare and present performance reports to the City Administrator and Elected Officials. The internal audit function of central administration government falls under the purview of the Finance Director.

The process to perform the continuous cycle of organizational review that leads to strategic evaluation and strong internal controls through internal auditing is as follows:

1. Identify the mission statement of the City and each of the departments. Examine and review each to ensure they are aligned with the City's mission statement.
2. Identify the goals of the City and each of the departments. Examine and review each to ensure they are aligned with the City's goals.
3. Develop performance measures to evaluate if the City and departments within it are achieving the goals.
4. Audit the roles, resources, and responsibilities of each person as well as policies, processes, and procedures within the departments to evaluate if they are able to achieve the goals.
5. Analyze the data from the audit
6. Produce recommendation for improvement and efficiencies.

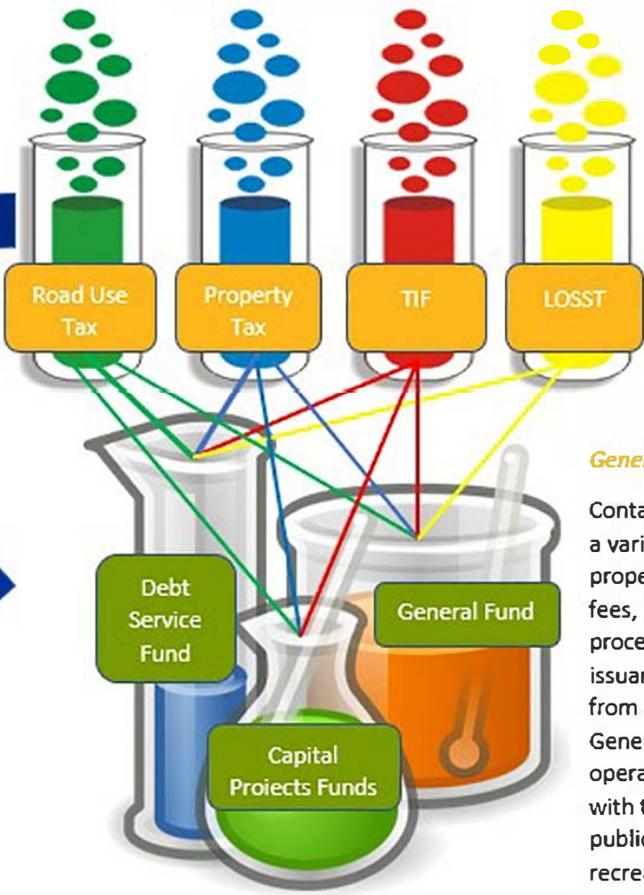

To achieve the process to perform the continuous cycle of organizational review that leads to strategic evaluation and strong internal controls through internal auditing following is required:

1. Investment in technology and software to create dashboards for department heads, generate automation to reduce errors, and create capacity in the workflow.
2. Cross-training members to create a more cooperative environment, allow for audit delegation, and depth in the personnel roster.

For a complete list of the City of Bondurant's Financial Policies, follow the link below.

<https://www.cityofbondurant.com/finance-department/pages/financial-policies>.

**Governmental Funds**

**Special Revenue Funds**

Proceeds from a specific source and are required by law or regulation to be accounted for separately and used for a specific purpose. Examples include Tax Increment Finance, Road Use Tax, and the property taxes dedicated to employee benefits. The City has 5 of these funds.

**General Fund**

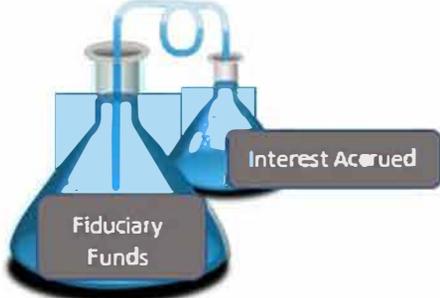

Contains the proceeds from a variety of sources, property taxes, service fees, permits, grants, proceeds from debt issuances, and transfers from other funds. The General Fund supports operations most identified with the City: public safety, public works, parks and recreation.

**Debt Service Fund**

Dedicated for principal and interest payments on the City's long-term debt.

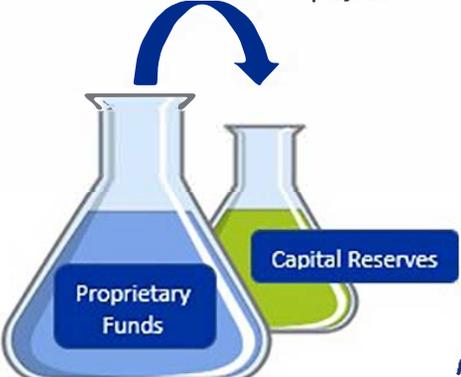

**Capital Projects Funds**

Used by the City to account for the resources used in the acquisition and construction of large capital projects. The City has 1 fund for each capital project.

**Fiduciary Funds**

Used to account for resources that are legally restricted so that only the interest earnings may support specific operations. The City has 1 fund of this kind, it is for the Cemetery.

**Proprietary Funds**

Operate in a manner similar to a business, used for the City's utility funds. Due to the expense associated with infrastructure investments, enterprise funds often have large amounts of cash that are being held in reserve for future improvements. The City has 3 of these funds.

# Budget Summary

## General Fund

The City maintains many “funds” within the City budget. The General Fund supports the bulk of the City’s operations and the operations most identified with the City, such as Fire, Parks, Library, and Law Enforcement. Funding for the Fire, Parks, Recreation, Library, Planning, and Administrative operations is primarily with General Fund and Special Revenue dollars. Some grants and donations are also included in the General Fund. Donations and revenue from Parks and Recreation programs help fund those operations. General Fund revenues consist of property taxes, licenses and permits, fines, miscellaneous revenues and charges for services. The Enterprise Funds Water, Stormwater, Sewer (Wastewater) and the Special Revenue Fund Employee Benefits, are charged an administrative service fee by the General Fund to offset the support provided by administrative staff. Reflecting that in the budget through transfers. Following is a graph showing the breakdown of the General Fund by expenditure category.

### The Re-Estimated FY21 Budget

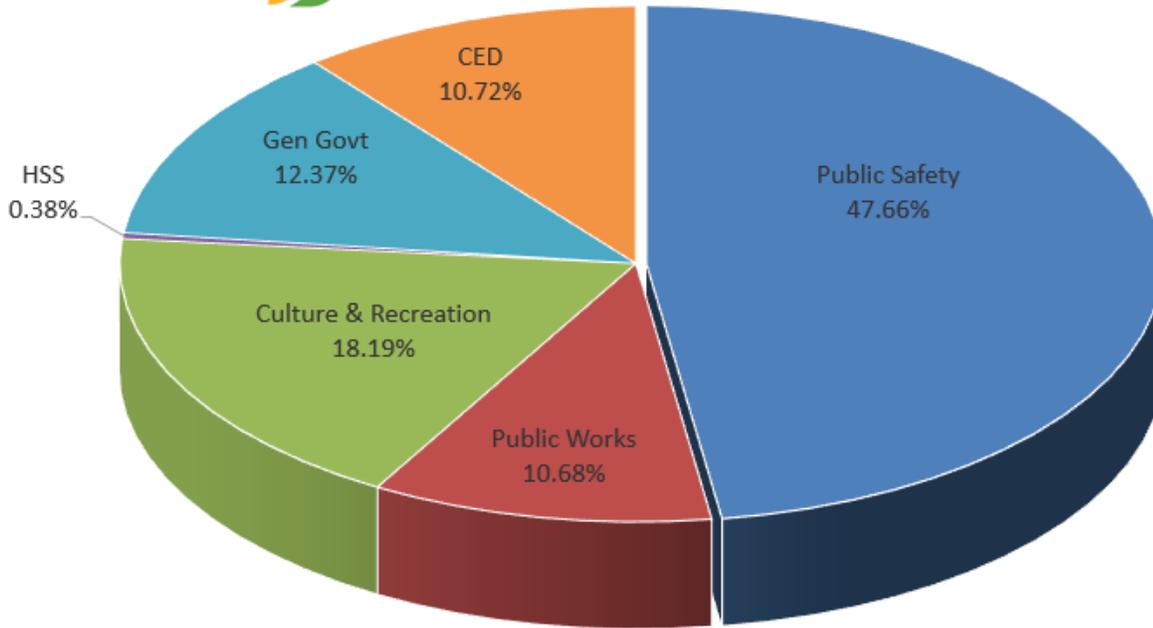

The original General Fund Budget for FY21 had expenditures of \$3,985,188. Mid-year re-estimates of FY21 yearend expenditures are \$4,005,260.00 without considering transfers. Management predicts an increase in projected FY21 yearend expenditures by \$20,072. The General Fund had an additional \$127,681 in unbudgeted expenditures throughout FY21; \$57,255 in plat review fees for Project Omega and \$49,868 for vehicles approved for purchase in FY20 but paid for in FY21, \$17,000 for an irrigation system to water the soccer fields, \$1363 in uniforms, and \$1150 in new recreation programming. Those increases were slightly offset by deleting obsolete expenditures from the budget; decrease in predicted expenditures for the comprehensive plan due to timing and a low bid \$100,000, and approximately \$7,672 by removing obsolete expenditures in miscellaneous micro purchases. There were no transfers to Capital Funds for projects from the General Fund in FY21

### The FY22 budget

The General Fund Budget for FY22 proposes expenditures of \$3,928,516. This would be a 1.37% decrease from mid-year re-estimates of FY21 year end expenditures at \$4,005,260.00 without considering transfers. When transfers are considered, the total expenditures are \$4,228,516, which is a 6.13% increase. The \$300,000 increase is to fund the Capital Project called Sankey Summit Trail. The Sankey Summit trail is located on the northern side of the homes that face Aaron Avenue and will be between back lot lines of the houses that face Aaron. The new houses anticipate construction in the summer of 2021 in the next plat of Sankey Summit. The trail is approximately ½ mile long. It is connecting the Grant Street trail, with one endpoint at the signalized pedestrian crossing on Aaron Avenue and the other endpoint in Eagle Creek, near the fishing ponds. The City anticipates constructing the trail in the summer of 2021 by reimbursement to the developer, as this is the optimum method for both cost efficiency and coordination. Notwithstanding the funding for the trail, management was able to maintain operating costs by a strategic evaluation of the direct and indirect cost of each process and department. Thereby reallocating shared services between the General Fund and the Special Revenue and Enterprise Funds that had previously not been balance. The Special Revenue and Enterprise funds were not contributing any funds towards Work’s Compensation for the employees allocated to the operation and administration of those operations, which is a cost of \$29,801. Likewise, opportunities existed for both the Road Use Tax Special Revenue fund and the Sewer Enterprise Fund at portion of \$153,281 for 2011, 2013A, and 2018 bonds and \$6,188 for 49 2013A Paine Heights, respectfully.

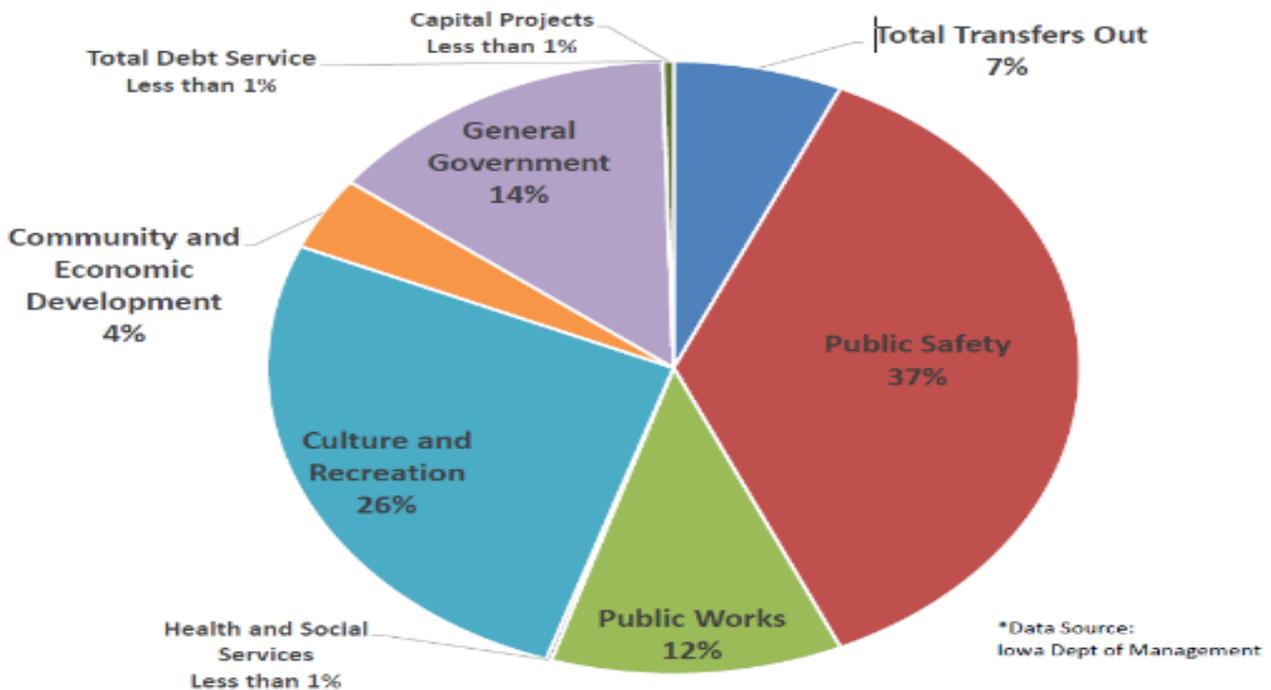

### General Fund Expenditures - FY22

Following is a comparison of how cities in Iowa with populations between 3,000 and 9,999 spend general fund dollars. The Iowa League of Cities published this for FY20. This gives an idea of how The City of Bondurant compares.

### City General Fund Expenditures by Category Cities with Populations 3,000 to 9,999, FY20 (Budgeted)

## **Special Revenue Funds**

Special Revenue Funds contain proceeds from a specific source, require by law to have separate accounting, and restricted for a specific spending purpose.

### **Road Use Tax Special Revenue Fund**

The Road Use Tax (RUT) Fund are dollars for the primary source for Public Works operations for street maintenance and repairs. Any remaining expenditures long of taxes allocated by the Iowa Department of Transportation the City's General Fund or debt service dollars augment. The FY21 re-estimated yearend funding that the City receives from Road Use Tax is decreasing by 7.84% or \$65,519. This is likely due to the COVID-19 pandemic decreasing the demand for gasoline of which is one of the sources for the tax. The City anticipates receiving \$801,000 in Road Use Taxes in FY22 and \$769,282 for year-end FY21. The increase of 4.12% or \$31,718 will fund a portion of the Debt Service Fund.

Below is an illustration produced by the Iowa Department of Transport artistically explaining the calculations and cash flows of the Road Use Tax Fund.

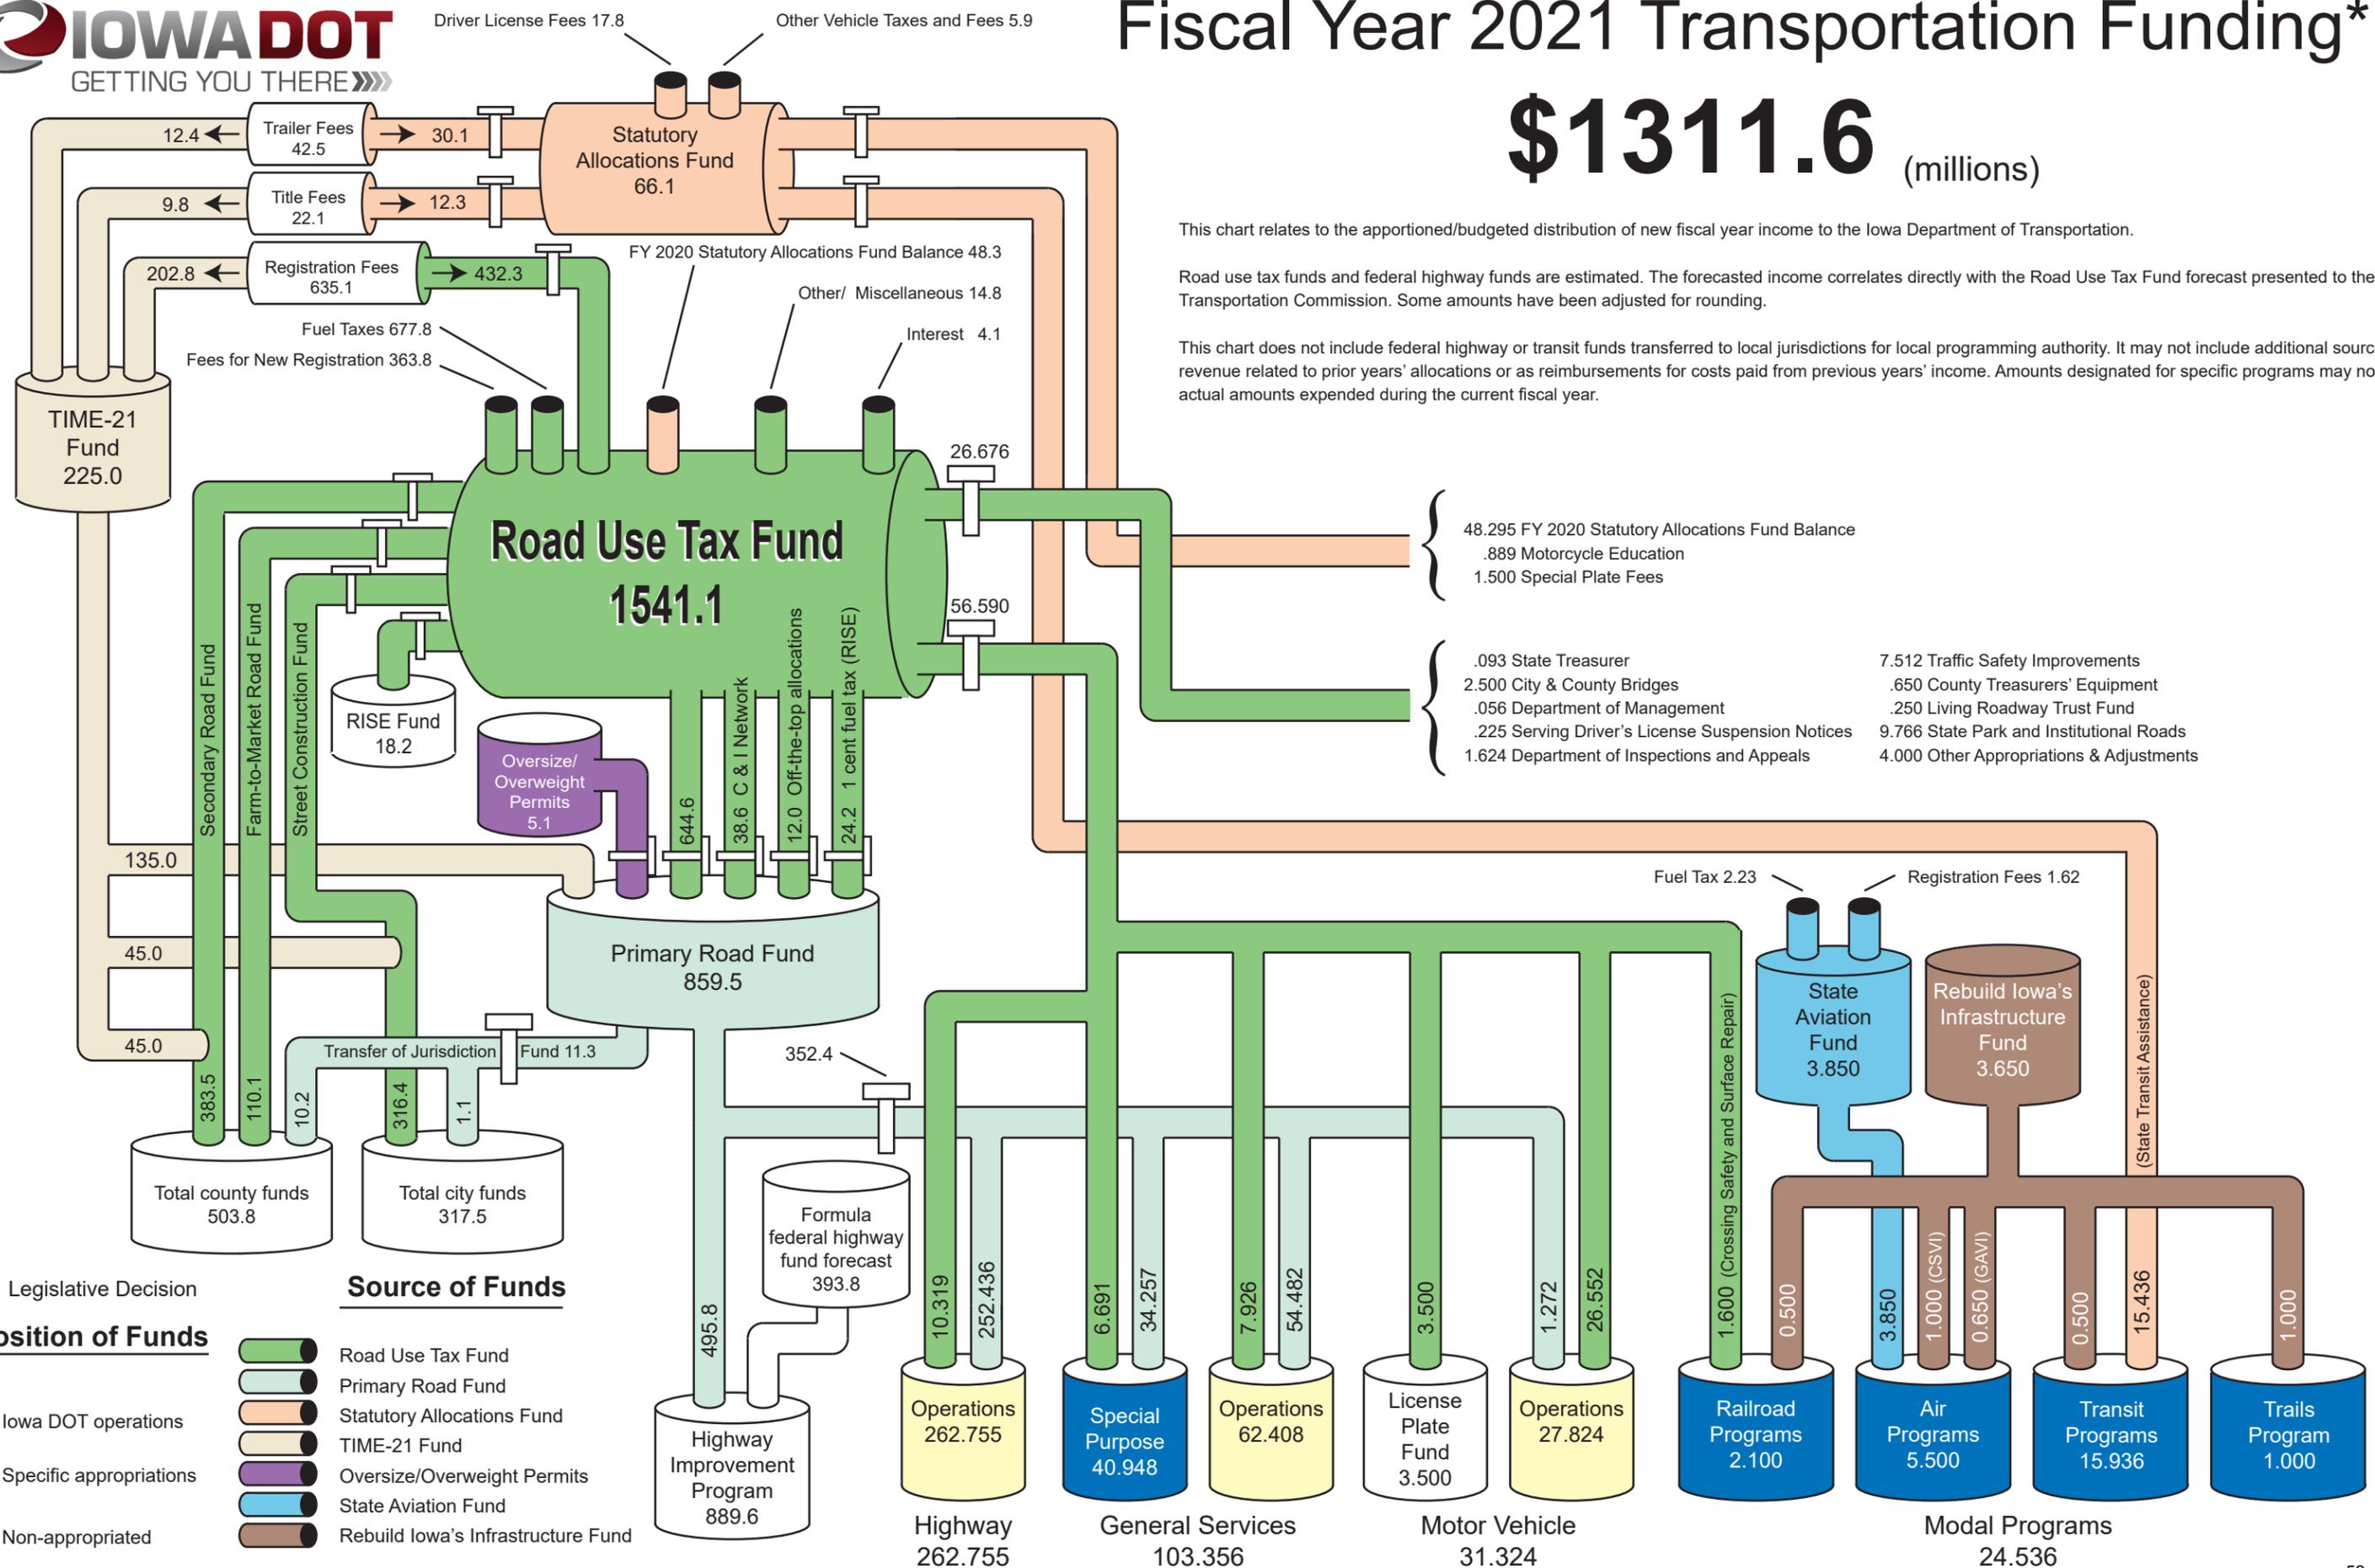

# Fiscal Year 2021 Transportation Funding\*

## \$1311.6 (millions)

This chart relates to the apportioned/budgeted distribution of new fiscal year income to the Iowa Department of Transportation.

Road use tax funds and federal highway funds are estimated. The forecasted income correlates directly with the Road Use Tax Fund forecast presented to the Iowa Transportation Commission. Some amounts have been adjusted for rounding.

This chart does not include federal highway or transit funds transferred to local jurisdictions for local programming authority. It may not include additional sources of revenue related to prior years' allocations or as reimbursements for costs paid from previous years' income. Amounts designated for specific programs may not reflect actual amounts expended during the current fiscal year.

\* The revenue estimates on this Pipeline Chart do not reflect impacts due to the COVID-19 pandemic.

## **Employee Benefits Special Revenue Fund**

The Employee Benefits Fund is the primary source of funding for Social Security, Medicare, Health, Dental, Unemployment, and Worker's Compensation Insurance, and Iowa Public Employees' Retirement System (IPERS). Any remaining expenditures long of taxes levied to support those accounts, the City's General Fund dollars augment. The FY21 re-estimated year-end funding that the City receives for Employee Benefits from property tax has remained consistent with previous estimates. The City anticipates receiving \$402,923 in Property Taxes in FY22 and \$589,233 for year-end FY21. The expenditures for year-end FY21 have been re-estimated from \$622,385 to \$734,480. The growth is in part due to the timing of accounting for the growth of positions being accounted to Worker's Compensation. It is a retroactive accounting with an audit done annually. The FY21 budget being based on historical data, grew from \$84,000 to \$180,062 to true up for the previous periods. As the City has grown its staff level 65.22% since 2018, going from 22 to 38 full and part time positions. In FY22 the budget is \$99,821. The Road Use Tax and Enterprise Funds have previously not been allocated their portion of Worker's Compensation. To fund the growth, \$29,801 will flow from those funds to the Employee Benefits Fund. Starting in 2019 The City received an operating grant from the Federal Government to support the growth in the Emergency Services Department. It was a three-year grant that will end in February 2021. The funding of those benefits requires the City to levy taxes for the continued expenditures. As in compliance with the Local Option Sales Tax intent (LOSST), the City will direct cash flows from LOSST in lieu of levying taxes by \$453,840 in FY22, to continue funding the Emergency Services expansion along with the other staff growth.

## **TIF Special Revenue Funds**

Tax Increment Financing (TIF) Fund is restricted to certain projects within an urban renewal area or can be used to repay debt for urban renewal projects that bring infrastructure to undeveloped areas. This revenue pays for economic development rebates and expenses, as well as some debt service, such as the bonds that were recently issued for the infrastructure improvements adjacent to Project Bluejay and OMEGA. The City worked with financial advisors to calculate a minimum assessment for those projects. Those projects' development agreement included a minimum assessment based on those calculations to pay the debt service through the TIF appropriations. The minimum assessment was exceeded for those projects resulting in not only funding the debt service for the bonds issued but also adding to the General Fund Tax pool. TIF is also used to pay for costs that are directly connected with economic development. In 2018, Council approved an update to the Urban Renewal Plan that will enable the City to issue TIF bonds for the 10<sup>th</sup> Street Extension project, as restoring the farm-to-market connection is critical. Engineering for that project is underway. Construction of which is anticipated in FY23. In FY21, the City is projected to receive a total of \$514,762. In FY22 \$1,374,946 is predicted. These funds will flow to Capital Projects and administration that will allow the vision of economic development the Council has driven, to continue to mobilize land into productive contributors to the tax base.

## **Local Option Sale & Service Tax (LOSST) Revenue Funds**

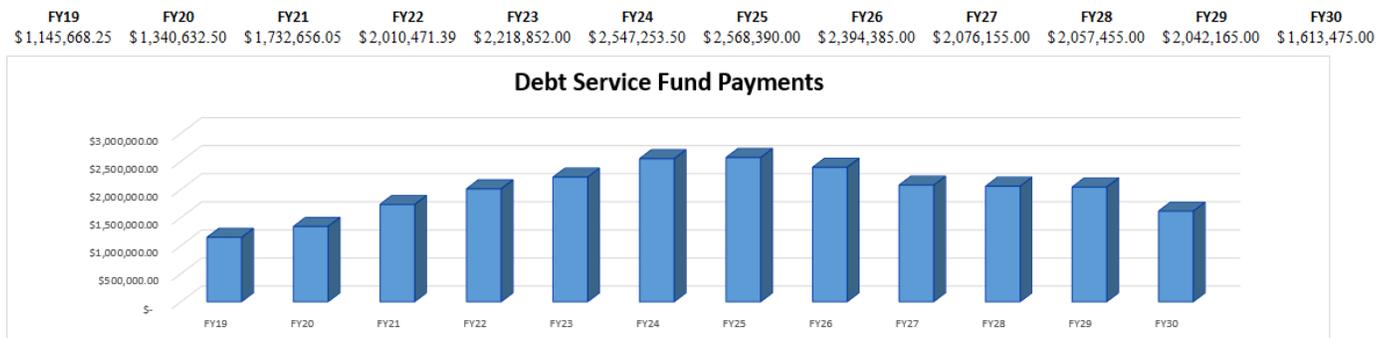

Local Option Sales & Service Tax (LOSST) Fund is restricted to the use fund dictated by the voters. Per the Citizen voters of The City of Bondurant it means 60% of the funds must go towards property tax relief, fund the bond issuance for the Library expansion, and contributing to infrastructure projects. Since LOSST revenues derive from sales tax, in the current unpredictable nature of the economy, it is very difficult to predict how the flow will be. The original FY21 budget had estimated \$895,000. However, the year-end re-estimate is at \$712,970. City Management has determined that in this current climate trying to calculate an exact number is not feasible and has budgeted for funding to remain constant for FY22 at

\$712,970. Those funds will flow to “buying down the levy rate” \$453,840 to the Employee Benefits Fund and \$243,475 to pay the debt service on the Library Expansion.

**Debt Services Fund**

The Debt Services Fund is dedicated for the payment of the principal and interest on the City’s long-term debt. Revenue for this fund comes from property tax, TIF, and Road Use Tax fund transfers. This fund is used to account for the accumulation of resources for, and the payment of, general obligation bonds. General obligation bonds are the most common type of bond issued by a city. They are often called “full faith and credit bonds” because the taxable valuation of all real property located in the city is pledged to pay them. The advantage of general obligation bonds over other bonds is that the interest rate is usually lower than other types of bonds. The main disadvantage of general obligation bonds is that they are subject to debt limitation, while other types of bonds are not. There are two types of general obligation bonds: essential corporate purpose and general corporate purpose. Bonds issued for a general corporate purpose require a public election with a 60 percent majority vote. Some examples of general corporate purpose bonds include bonds issued for swimming pools, libraries, city halls, fire stations, and police stations. Bonds issued for an essential corporate purpose need only the approval of a resolution by a majority of the total city council at an official meeting, following a published notice and hearing. Examples of essential corporate purpose bonds include bonds issued for street and bridge construction; refinancing of debt; park improvements; and flood control. The City has one bond that is not subject to the maximum debt levy. It is still a general obligation bond, backed by the “full faith and credit” of the City’s valuations, however it is subject to annual TIF appropriation.

In FY 2020-2021 the Debt Service levy rate was projected to be \$.98086 per \$1,000 of taxable valuation. This rate was 8.31% of the City’s total property tax rate. This is a lower percentage as than FY 2018-2019, when the debt service rate was 23.855% of the total or \$3.2873. This lower percentage means the City is able to dedicate more of the property tax levy to general operations. The lower percentage was due to the abating that tax levy with LOSST revenues. In FY 2021-2022 the Debt Service levy rate was adopted at \$2.25094 per \$1,000 of taxable valuation or 19.36% of the total tax levy. Management found that by applying the LOSST abatement to the Employee Benefits Fund rather than the Debt Service fund it had a greater impact in property tax relief. The FY22 budget reflects that change in strategy. Below is a graph outlining the Debt Service Payments from 2019 to 2030.

**The Enterprise Funds**

The funds considered Enterprise Funds have an operation that is similar to a private business. These funds account for operations that function with service charge funding, the City’s utilities. Bondurant’s Enterprise Funds are water, sewer (wastewater), and stormwater.

As discussed under Capital Projects, the City is currently investing and facing some major

investment in infrastructure, however no rate adjustments in either water or sewer recommendations are at this time related to capital projects. A rate adjustment for garbage and recycling is likely at some point in the near future. The City was able to avoid in FY21 the need for a rate increase in garbage by reducing the number of special collections to one per year, enabling the City to absorb the rate increase from the hauler and prevented it from being passed through to the rate payer. The previous year the City absorbed the rate adjustment and paid it with fund balances, however that is not a sustainable practice. Staff anticipates receiving notice of increase from the garbage provider and has already received notice from the recycling provider about pending adjustments that will have to be passed through to the end user.

Included in the FY21 year-end budget is funding for stormwater improvements along Grant Street that create additional downstream capacity. Mud Creek and improvements to the 2<sup>nd</sup> Street NW culvert were accomplished in the current fiscal year. Additionally, the City continues with stormwater planning and project prioritization. The Water Department also funds budgeted for water meter replacement.

ADOPTION OF BUDGET AND CERTIFICATION OF CITY TAXES FISCAL YEAR JULY 1, 2021 - JUNE 30, 2022 The City of: BONDURANT County Name: POLK COUNTY

Adopted On: 3/29/2021 Resolution: 210329-68

The below-signed certifies that the City Council, on the date stated above, lawfully approved the named resolution adopting a budget for next fiscal year, as summarized on this and the supporting pages.

**Explanation of significant increases in the budget:**

Please note that the Max Levy rate DOES NOT include all city levies. This notice shows the increase in property tax collections by the City, which DOES NOT necessarily represent an increase to individual property owner taxes. It represents an increase in the total amount of revenue collected by the City, in this case due to an increase in valuation primarily related to new construction. The City anticipates slightly lowering the overall levy rate again this year, after lowering it by \$1.95 last year. The overall levy will be published at the beginning of March. The City is required to publish and post this notice by State Law.

**If applicable, the above notice also available online at:**

www.cityofbondurant.com

\*Total city tax rate will also include voted general fund levy, debt service levy, and capital improvement reserve levy.

\*\*Budget year effective property tax rate is the rate that would be assessed for these levies if the dollars requested is not changed in the coming budget year

<b>Capital Reserve Fund</b>	6		0		REVENUES, LINE 18		
<b>REPLACEMENT PAYMENT PERCENTAGE</b>							
Beginning in FY 2021-2022, the amount of commercial & industrial replacement payments paid by the State of Iowa to local governments becomes limited by the total amount of payments made in FY 2016-2017. This limitation of total dollars available for repayment of commercial & industrial replacement claims may cause all payments to local governments to be pro-rated. The amount of proration necessary for the budget year will not be known until August, but the dropdown below will allow the estimated commercial & industrial replacement payments to be reduced by a selected proration percentage.							
To reduce that estimated amount of commercial & industrial replacement payment budgeted for the coming fiscal year, complete an esitmation of the replacement payment above. Once complete, select a proration percentage from the list below. The proration percentage will limit the amount of estimated replacement payment budgeted. This will hopefully prevent an over estimation in the budget year revenues.							
<b>Proration Percentage</b>							
75%							
<b>Please input the amount of revenue being received from any grants or reimbursements from the State of Iowa, excluding the replacement amounts on lines 3 through 6 above. Separate the revenues by fund receiving the money.</b>

**LOCAL EMC SUPPORT**

City Name: BONDURANT

Fiscal Year July 1, 2021 - June 30, 2022

As provided in Iowa Code Section 384.12, subsection 22, a city may levy the amount necessary in support of a local Emergency Management Commission. In addition to this individual levy, Emergency Management Commission support may also be included as part of the General Fund Levy. Iowa Code Section 29C.17, subsection 5 states that any support from cities or counties must be separately reported on tax statements issued by the county treasurer. Input the amount of General Fund Levy request to be used for support of an Emergency Management Commission. The total below will reflect the total amount of Emergency Management Commission support provided by the City.

	<b>Request with Utility Replacement</b>	<b>Property Taxes Levied</b>
Portion of General Fund Levy Used for Emerg. Mgmt. Comm.		0
Support of a Local Emerg.Mgmt.Comm.	3,500	3,469
<b>TOTAL FOR FY 2022</b>	<b>3,500</b>	<b>3,469</b>

**NOTICE OF PUBLIC HEARING -- PROPOSED BUDGET**  
**Fiscal Year July 1, 2021 - June 30, 2022**

The City of: **BONDURANT**

The City Council will conduct a public hearing on the proposed budget as follows:

Location: Bondurant City Hall, 200 2nd Street NE, Bondurant, IA Meeting Date: 3/29/2021 Meeting Time: 06:00 PM

At the public hearing any resident or taxpayer may present objections to, or arguments in favor of, any part of the proposed budget. This notice represents a summary of the supporting detail of revenues and expenditures on file with the City Clerk and County Auditor.

City budgets are subject to protest. If protest petition requirements are met, the State Appeal Board will hold a local hearing. For more information, consult <https://dom.iowa.gov/local-gov-appeals>.

<b>The Budget Estimate Summary of proposed receipts and expenditures is shown below. Copies of the the detailed proposed Budget may be obtained or viewed at the offices of the Mayor, City Clerk, and at the Library.</b>				
The estimated Total tax levy rate per \$1000 valuation on regular property				11.62415
The estimated tax levy rate per \$1000 valuation on Agricultural land is				3.00363
<b>At the public hearing, any resident or taxpayer may present objections to, or arguments in favor of, any part of the proposed budget.</b>
