Date Paid _____

Typical Residential Driveway

See SUDAS Design Manuals for more info at: www.iowasudas.org

Driveway widths on residential areas are to be no more than 24ft wide. 30ft wide only if it's a major or minor arterial street.

The flares are not included in that 24ft and shall be 3ft to 5ft wide each side. So a curb cut will be between 30-34ft wide. (SUDAS Table 5I-4.01)
