

**BUSINESS OF THE CITY COUNCIL
BONDURANT, IOWA
AGENDA STATEMENT**

Item No. 11
For Meeting of 6/15/2020

TITLE: Resolution considering site plan approval of the Bondurant Community Library addition project at 104 2nd Street NE.

ACTION: Resolution for vote

CONTACT PERSON: Maggie Murray, Planning & Community Development Director

BRIEF HISTORY:

The City of Bondurant is in receipt of a site plan for review for the proposed Bondurant Community Library addition project at 104 2nd Street NE. The existing library building is 7,239 SF. This addition project will include additions in the south, east, and northwest areas of the building. These three addition areas will total 7,371 SF. Once completed, the total library square footage will be 14,610 SF. The existing structures at 100 2nd Street NE (former bank building, owned by City) and 106 2nd Street NE (current post office, owned by City) are going to be demolished to allow for this addition and parking lot project to occur. Below is an aerial map which shows the existing site – the highlighted yellow represents the estimated library addition areas.

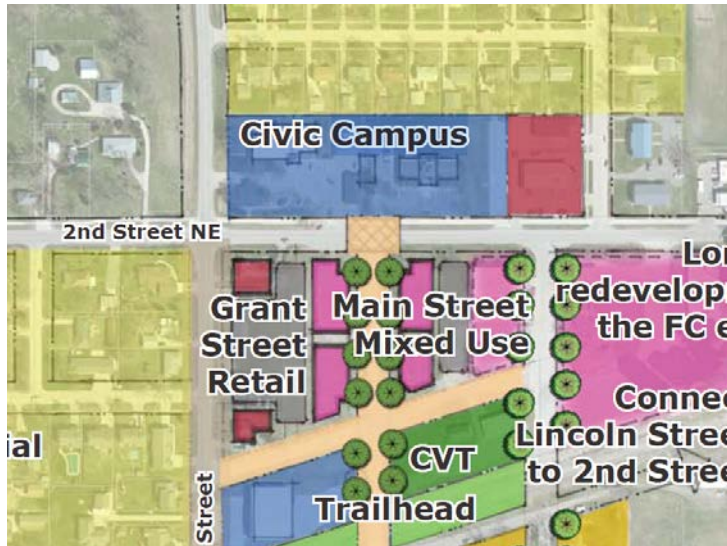

When the Planning and Zoning Commission and City Council reviews site plans, they review for consistency with the following documents: Comprehensive Plan; Zoning Code; and Comments from City Officials.

ANALYSIS:

Consistency with the City's Comprehensive Plan:

The library addition use proposed is consistent with the Comprehensive Plan, as the Comprehensive Plan identifies City Hall and the Bondurant Community Library as being a civic campus area. Below is a use concept map pulled from the Comprehensive Plan:

Consistency with the City's Zoning Code:

Below are notes detailing how Zoning Code compliance is met for this development:

- The Bondurant Community Library site is zoned as being within the City's General Commercial (C-2) District. A library is a permitted use of the Transitional Commercial (C-1) District. All uses of the C-1 District are permitted within the C-2 District.
- When performing the survey work at this location, it was noted that a 100' south setback exists at this property due to a subdivision from the 1970's which established this setback. The City is in the process of creating a plat of survey to eliminate this 100' setback and to instead require that the minimum front yard setbacks at this location be consistent with the current Zoning Code requirements of 30'. Once this plat of survey is completed, the minimum setbacks as required by Section 178.08.4 will be met for this project. The proposed building setbacks proposed will be: 25' from the rear north property line, 41' from the west front property line, and 30' from the south front property line. Since no residential uses exist immediately east of this property, there is no minimum east side yard setback.
- Section 177.09. of the Zoning Code regulates minimum parking stall count requirements. No parking stall count requirement is listed for a library use or any uses similar to a library use. This section of the Zoning Code notes that if a use is not listed in the parking section, then the City Administrator is authorized to determine the parking requirements using a similar use as a guide. 25 parking stalls will exist as a result of this project in the area south of the addition, and new 10 parking stalls will exist as a result of this project in the area east of this addition area. Jill Sanders, Library Director, and Marketa Oliver have reviewed the proposed parking stall

counts and have noted that what is proposed meets the minimum counts needed for the Bondurant Community Library's accreditation.

- 13 of the new parking stalls will be permeable pavers to help with stormwater management. V&K designed the parking lot work.
- This project will include eliminating two curb cuts along 2nd Street NE and one curb cut along Grant Street North. Once completed, patrons of the Bondurant Community Library will utilize the existing curb cut along 2nd Street NE located on the west side of City Hall. This existing curb cut aligns with Main Street NE to the south.
- While not directly related to the Bondurant Community Library addition project, just a note that the City of Bondurant will be having turn lanes installed along the 2nd Street NE/NW corridor in this area. This Bondurant Community Library addition project is not in conflict with the turn lane project.
- Section 179.01.2.I.1 of the Zoning Code notes that dumpsters should have adequate screening from the public right-of-way areas. A dumpster enclosure is proposed toward the rear of the new parking lot area east of the addition area. This dumpster enclosure will be masonry to match City Hall's masonry.
- Page C4 of the submitted site plan shows the required utility connection plan. The existing sanitary and water services will be used. A new 6" fire suppression/sprinkler service line will connect into the addition area.
- Page C5 of the submitted site plan shows the required landscaping plan. This plan notes that all new trees will remain at least 4' away from the 2nd Street NE and Grant Street North property lines; this is a requirement of the Zoning Code. Due to the existing street frontages of this Bondurant Community Library site, at least 16 trees are required at this location. The landscaping plan takes this minimum tree count into account. Several existing mature trees will also be preserved where possible. The types of landscaping proposed will be determined by the Library Foundation. There is a drainage flowage easement that exists along the rear property lien – this may need to be taken into account depending on the scope of the screening proposed in this area.
- The required elevations have been submitted as part of the site plan submittal. The building materials proposed are consistent with the City's Corridor Overlay District.
- A photometric plan and manufacturer's lighting specifications have been submitted for the parking lot lighting. Such lighting will be full cutoff, which will help ensure that no lighting will be directed toward any nearby residential uses. This is a requirement of Section 177.10.3 of the Zoning Code. The site plan also notes that all non-decorative building lighting will also be full cutoff wall packs.

Comments from City Officials:

The following City departments were notified of the submitted Bondurant Community Library addition site plan:

- **City Engineering** – V&K submitted the site plan.
- **Public Works** – no comments received.
- **Fire Department** – reviewed and noted no Fire Code concerns.

PLANNING AND ZONING COMMISSION REVIEW/RECOMMENDATION:

The Planning & Zoning Commission reviewed this Bondurant Community Library addition site plan during their June 11th, 2020 meeting and voted on recommended site plan approval with a 7-0 vote subject to the following Code clarification items:

1. That this site plan approval is contingent upon a plat of survey being created which notes that the setback along 2nd Street NE will be 30' instead of the 100' noted as part of a historic subdivision of the area.
2. That the screening proposed along the north property line shall adhere to any drainage flowage easement requirements, if applicable.

ALTERNATIVES: The option exists for City Council not to approve or to table the enclosed resolution considering approval of the Bondurant Community Library site plan; however, this is not recommended by staff as there appears to be no Zoning Code concerns with the development proposed once factoring in the Code clarification items included as part of the resolution.

STAFF RECOMMENDATION: Staff recommends approval of the enclosed resolution approving the Bondurant Community Library addition site plan.

CITY OF BONDURANT
RESOLUTION NO. 200615-181

RESOLUTION APPROVING THE BONDURANT COMMUNITY LIBRARY ADDITION SITE PLAN AT 104 2ND STREET
NE

WHEREAS, FEH Design and Veenstra & Kim submitted the Bondurant Community Library addition site plan; AND

WHEREAS, the owner/developer is the City of Bondurant; AND

WHEREAS, the site address is 104 2nd Street NE; AND

WHEREAS, the zoning for the property is General Commercial (C-2); AND

WHEREAS, the Commission reviewed the submitted site plan on June 11th, 2020 and vote on recommended approval, subject to the following Code clarification conditions:

1. That this site plan approval is contingent upon a plat of survey being created which notes that the setback along 2nd Street NE will be 30' instead of the 100' noted as part of a historic subdivision of the area.
2. That the screening proposed along the north property line shall adhere to any drainage flowage easement requirements, if applicable.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Bondurant, Iowa, that the Bondurant Community Library addition site plan is hereby approved subject to the conditions listed as part of the Commission's approval.

Passed this 15th day of June, 2020,

By: _____
Curt Sullivan, Mayor

ATTEST: I, Shelby Hagan, City Clerk of Bondurant, hereby certify that at a meeting of the City Council held on the above date, among other proceedings the above was adopted.

IN WITNESS WHEREOF, I have hereunto set my hand the day and year above written.

Shelby Hagan, City Clerk

GENERAL NOTES

- ALL ELEVATIONS ARE TO NAVD(88), NAD (83) IOWA SOUTH COORDINATE SYSTEM, GEOID 12A, IOWA RTN.
- REMOVE AND REPLACE ALL STREET SIGNS AS DIRECTED BY ENGINEER. COST IS INCIDENTAL TO CONSTRUCTION.
- SHAPE ALL DITCHES TO DRAIN AFTER CONSTRUCTION.
- CONFIRM LOCATION AND DEPTH OF ALL EXISTING UNDERGROUND UTILITIES AS REQUIRED TO ELIMINATE CONFLICTS PRIOR TO CONSTRUCTION. ALLOW UTILITY PERSONNEL TO RELOCATE UTILITIES WHERE CONFLICTS OCCUR.
- DO NOT INTERRUPT EXISTING UTILITIES OR INDIVIDUAL SERVICES UNLESS DIRECTED BY ENGINEER.
- LOCATIONS OF CONSTRUCTION LIMIT LINES SHOWN ON PLANS ARE APPROXIMATE. ENGINEER WILL LOCATE CONSTRUCTION LIMITS IN FIELD. CONFINE ALL CONSTRUCTION OPERATIONS, INCLUDING ACCESS TO WORK, TO CONSTRUCTION LIMITS.
- SET MANHOLE COVERS FLUSH WITH PROPOSED GRADES UNLESS OTHERWISE NOTED.
- STATIONING IS ALONG CENTER LINE OF PAVEMENT, UNLESS OTHERWISE NOTED.
- PROTECT UTILITY POLES, LINES AND APPURTENANCES NOT SHOWN FOR RELOCATION.
- RESET ALL PROPERTY PINS DISTURBED BY CONSTRUCTION; PINS RESET BY REGISTERED LAND SURVEYOR; COST IS INCIDENTAL TO CONSTRUCTION.
- PROTECT ALL SURFACING, NOT INDICATED BY SHADING FOR REMOVAL AND REPLACEMENT FROM DAMAGE DURING CONSTRUCTION.
- REPLACE WATER SERVICES IN DIRECT CONFLICT WITH NEW PIPE WITH NEW SERVICES FROM MAIN TO CURB STOP. PLUG EXISTING SERVICE AT MAIN; CONSTRUCT STORM SEWER UNDER EXISTING SERVICES WITH ADEQUATE CLEARANCE.

PROTECTION OF VEGETATION

TREES AND OTHER VEGETATION WHICH MAY BE REMOVED ARE MARKED WITH AN "X" OVER THE APPROPRIATE SYMBOL. FOR EXAMPLE, 12" INDICATES THE REMOVAL OF A 12" TREE. REPLACEMENT, BY CONTRACTOR, OF THESE ITEMS IS NOT REQUIRED. TUNNEL, INSTALL TIGHT SHEETING, HAND EXCAVATE OR EMPLOY OTHER MEANS APPROVED BY ENGINEER TO PROTECT EXPOSED PORTIONS AND ROOT SYSTEMS OF TREES AND OTHER VEGETATION NOT SCHEDULED FOR REMOVAL. IF TREES AND OTHER VEGETATION NOT SCHEDULED FOR REMOVAL ARE DAMAGED DURING CONSTRUCTION, REPLACE IN KIND AND SIZE AT NO COST TO CITY OR PROPERTY OWNER.

- SITE NOTES - ELECTRICAL**
- UTILITIES SHOWN ON ELECTRICAL SITE PLAN ARE SCHEMATIC ONLY. VERIFY ALL SITE CONDITIONS AND DIMENSIONS ON SITE PRIOR TO COMPLETING BID AND ORDERING OF EQUIPMENT.
 - CONTRACTOR SHALL REPAIR ALL AFFECTED SURFACES AND RESTORE TO EXISTING CONDITIONS AT COMPLETION OF PROJECT.
 - WARNING - CALL 48 HOURS BEFORE YOU DIG - IOWA LAW REQUIRES ANYONE DOING ANY EXCAVATION, FENCING, PLANTING OR DRILLING TO CALL 48 HOURS IN ADVANCE. HAND DIG WITHIN 18 INCHES OF ANY LOCATE MARK OR FLAG. IOWA ONE-CALL 1-800-292-8989.

GENERAL NOTE:
 UNDERGROUND FACILITIES, STRUCTURES, AND UTILITIES HAVE BEEN SHOWN BASED UPON INFORMATION OBTAINED FROM FIELD LOCATIONS BY UTILITY COMPANIES, AVAILABLE SURVEYS AND RECORDS. THEIR LOCATIONS MUST BE CONSIDERED APPROXIMATE ONLY. IT IS ALSO POSSIBLE THAT THERE MAY BE OTHER UNDERGROUND FACILITIES, STRUCTURES, AND UTILITIES IN EXISTENCE THAT ARE NOT SHOWN. IT IS THE RESPONSIBILITY OF EACH INDIVIDUAL PARTY REFERENCING THIS PLAN TO DETERMINE THE EXACT LOCATION AND TYPE OF UNDERGROUND FACILITIES ON THE SITE. HAND EXCAVATE AT CRITICAL POINTS AS NECESSARY TO VERIFY LOCATIONS, SIZES, ELEVATIONS, FLOW LINES, ETC. IF A PROBLEM OR INTERFERENCE EXISTS, NOTIFY ARCHITECT/ENGINEER BEFORE PROCEEDING.
